EMILE VASSEN RETIRES

After twenty two years of laboring on a drafting board here, EMILE VASSEN is retiring as of today. This quiet, capable and efficient man will be sorely missed by his many friends.

Since his wife PEARL is still employed, EMILE will "loaf around the house" for a month or two, and then has no specific plans. The VASSEN'S hope to travel a bit later on.

To this really nice guy, we all say: "Good Luck, Good Health, and come back to see us often."

WOTT'A VACATION

Lucky JIM MILLER tells us that he is taking his wife to "The Islands" for vacation this year. Sounds good? When we questioned him further, it turns out to be Rock Island, Blue Island, Eagle Island, and Sugar Island.

OLD TIMER OF THE WEEK

ARNOLD "DICK" CREMER and his wife OPAL have TWENTY TWO grandchildren, and one great granddaughter, born last September. With such a group to keep him occupied, DICK don't have too much spare time for his hobbies of playing cards and fishing. The CREMER'S are also avid travelers, and have been to all corners of our country.

Mr. CREMER spent his first six years here as an Inspector, and then transferred to the Machine Shop. Apart from two years that he served in the Navy during the War, he has been in the "Drill Room" all the time.

His staunch friendship and happy disposition have long made him a favorite among the men of the Machine Shop. We wish this good man many more happy years at "David Bradley".

Seeing as how we have been on vacation this week, and that "Way out" Doll, VICKI REEVES has been the "Guest Editor", we would suggest that you "blame her" for anything you don't like about the paper this week. Of course, if it turns out good, we will be happy to take credit for it.
