VOL. 2 NO. 35

FRIDAY, SEPT. 22, 1967

The man pictured here is such a quiet one that he managed to retire from here in April without being found out. Result - we are apologetically and belatedly running his picture in this issue.

JULIUS MARCZAK started as a molder in old D/10. He worked in other Departments for several years and retired from D/67 on April 21, 1967. He and his wife Christine have two boys and two girls and six grandchildren. Since this lucky man is currently at Expo 67 we were unable to reach him for additional information.

Back in the old days of vaudeville, performers hated to follow an animal act. This is the way your new Editor feels today, not that JOHN GRIMES is an animal act, but he's going to be darn hard to follow. JOHN had a flair for this sort of thing, which we don't pretend to have. We hope it will come in time, so in the meantime be a little patient and understanding.

Needless to say we will welcome any help from you folks. This publication can't get the job done without you. So if you have any newsworthy items "please" get them to us.

If at some time we seem to be poking fun at someone we assure you it will be purely intentional. Just remember, it will not be malicious and, we hope, it will be accepted in the proper spirit.

W. C. Fields had a formula to reduce the high rate of divorces.
The formula: "Don't show up for your wedding."

Condolence to JOHN DEVALK (D/70) on the death of his mother.

OLD TIMER OF THE WEEK

This good humored (it says here) man started here in the Grinding Room on January 20, 1936 but switched to Assembly within the year. Transferred to Maintenance as a plumber in 1942 and in October of that year was named Group Leader of pipefitters. In January 1945 he was named Foreman and has been in Supervision ever since. Currently OSCAR is Maintenance Foreman in charge of boiler room, plumbers, plant security, carpenters, painters, masonry work, and plant Fire Dept.

OSCAR and Mrs. HANSEN (JUNE) are parents of 11 children and 28 grandchildren. At one time he had 3 children employed in the Plant. Daughter Sandy is presently employed in the Print Shop.

This week's old timer is quite active in the Chebanse Volunteer Fire Department. His hobbies are gardening, hunting, fishing, and complaining? With eleven kids who needs hobbies?

BOWLING

It appears that our bowling league this year is going to take right up where it left off last year. To quote Sec.-Trea. DON BAYLOR, "Looks like we have a real rough league this year - or should I say tough?" After three weeks of bowling the standings are as follows:

FURNITURE	9 points
MOWERS	8 points
COMPACTS	8 points
POOL TABLES	6 points
SAWS	5½ points
BULLDOZERS	5 points
TILLERS	4 points
SUBURBANS	2½ points

PAT REGNIER knocked off high individual game and series this week with a 247 and 617. High team game of 891 and high team series of 2545 was captured by the MOWERS.

In the words of JOHNNY GRIMES, "A new delectable, cutie has been employed in Engineering." Her name - PEGGY FIDLER.
