KEYMEN

New officers of the Bradley Keymen's Club elected February 21, are as follows:
President - ART BURROW, Vice-President - EMERSON NOURIE, Secretary - VERN WILLIAMS, Treasurer - ORRIN KINNEY. In the balloting for President the first vote resulted in a tie between BURROW and ANDY RIVARD making a second ballot necessary. Needless to say ART won the rematch.

This basketball team was probably one of the finest independent team ever to represent the local area. It operated in 1935, was sponsored by the Baron Huot Oil Company and was called The Diamond Oilers. The reason we are running this picture today is that five of the eight players pictured either are or have been directly or indirectly associated with the Roper Corporation. How many do you know?

A man (or woman) can become a member of the Wise Owl Club if his eye has been saved from accident because of wearing Safety Glasses. The latest statistics as issued by the Society for the Prevention of Blindness tell the following amazing story.

Drill in your eye?

L. M. Salazar was recently working on his job—on a Thor missile adaptor at the Douglas Aircraft Company's Missile and Space Systems Div. plant in Santa Monica, Calif. His No. 21 high-speed drill suddenly froze and shattered. A piece of the drill flew through the air and imbedded itself in Salazar's safety glasses.

The moral is obvious.

OLD TIMER

This week's Old Timer, ED LICHT, started in the Stoker Department of David Bradley on May 29, 1937. Prior to this he had been engaged in farming and had done some trucking. In 1942, he transferred to Maintenance and has been an electrician in that department ever since. He will be retiring this year as he will reach retirement age in October.

ED and his wife LEONA knew tragedy when their first child a daughter died at six years of age. They have two living children. Son LLEWELLYN is Chief Psychologist for all the schools in Proviso Township, Maywood and lives in Oak Park. Daughter VELDA is Credit Manager at Lassers Furniture. The LICHTS have one grandson who is the apple of Grandpa's eye.

This fine Old Timer likes to travel and estimates he has visited about half of the states. He also likes to work around the house. In looking back over his years of service he estimates in almost 31 years he has missed not over two weeks because of illness.

The LICHTS live at 964 South Lincoln in Kankakee.

CONGRATULATIONS

Congratulations to JEROME D/70 and NANCY ARSENEAU on the birth of their second child a boy born February 25.

Wedding Bells rang out Saturday for JOYCE LAMBERT of the Print shop. The lucky husband is MICHAEL IRLE.
