SERVICE PLATEAUS FOR DECEMBER

We are happy to welcome back to the group two returning servicemen - WILLIAM OWENS who returned to D 15 and DAVID WARD who is back in D/35.

MISSING TURKEY

BETTY MARSHALL, Personnel, worked like a beaver Thanksgiving Eve to stuff the 20 lb. turkey and when finished found it impossible to fit into the refrigerator. Wanting to keep it cold until she put it in the oven early the next morning, she placed it in the back seat of the family car parked just outside. When BETTY went out to get it at 5:45 a.m. Thanksgiving Day the turkey was gone. Result - the MARSHALL'S Thanksgiving bird was chicken. BETTY hopes the thief or thieves enjoyed her turkey, but wishes she had put a pinch of arsenic in the dressing.

REPORT INJURIES PROMPTLY

One of the most important features of a 1st Aid Program is quick treatment. Of late we have had a rash of cases of minor injuries reported late. In some instances this has resulted in the employe making an unnecessary trip to the Doctor. Remember, report all injuries immediately to 1st Aid, no matter how slight. Even a short trip to the doctor causes inconvenience and loss of earnings.

FLU SHOTS

Second Flu Shots were given Monday and 141 people who received their first shot did not show up for the second. The second is an important part of the whole prevention package and all who received the first one should complete the package by taking the second. Nurse RYAN tells us that all vaccine must be returned shortly so she is most desirous to complete the program by December 18, (next Wednesday). All you do is come to 1st Aid at your convenience, but be sure to do it by Wednesday.

BIRTHS

STEVE D/35 and KATHY FUNK are parents of a boy and first child born December 9.

PAT D/35 and RITA HAMILTON, on leave from D/41, are parents of a boy and sixth child born December 9.

DONALD D/25 and SANDRA TUNTLAND are parents of a boy and fourth child born December 5.

It was a great week for boys!

"Are you sure your wife knows I'm going home with you for dinner tonight?"

"I'll say. This morning I argued with her about it for half an hour."

In Wellesley, Mass., a college professor informed his students that kissing under the mistletoe "originated with a Scandinavian myth." Giggled one of the girls "That thertainly theemth reathonable."

Dependable. Just to prove Santa Claus never lets a fellow down, I know a boy who asked for a soldier suit and 15 years later he got it.
Mountain Eagle, Jasper, Ala.

OLD TIMER OF THE WEEK

BOWLING BY BAYLOR

ELMER RANTZ, whose employment date is February 8, 1940, enjoys a unique distinction. He is the only employee of Roper Bradley currently on payroll who has a 1940 Employment Date. He started his career here in the Machine Shop and remained there until '65. He operated the first Bullard for 20 years. In 1965, he transferred to Maintenance as a Carpenter which is his current assignment.

ELMER and his wife BERNICE have four children Daughter GLORIA FRITZ is married to a career Army Captain. Daughter CAROL HUNGER until recently worked in Accounting, but has resigned to be with her husband in Service. The RANTZ'S also have two boys RICHARD 15 and DONALD 8.

This Old Timer has been interested in motorcycles since he was 13 years old. (This should make him the original cowboy). In fact he got his first cycle for two bushels of pears. His principal interest now is Antique Motorcycles and he has won 40 trophies with his two old models - a 1913 Harley Davidson and a 1905 Marsh & Metz.

In addition to his principal hobby, ELMER is also an avid hunter and fisherman and has traveled extensively. He has been in 48 of the 50 States and Canada, but last year marked his travel highlight when he visited Japan.

Standings:

	POINTS	WON	LOST	TEAM AVG.
SUBURBANS	34	25	20	808
POOL TABLES	34	25	20	804
FURNITURE	32½	24	21	790
COMPACTS	32	25	20	810
BULLS	30½	22	23	780
MOWERS	30	21½	23½	796
STORES	29	23	22	790
SAWS	28½	23	22	816
ROTO SPADERS	27½	20½	24½	793
DISPATCHING	22	16	29	810

Hi Series - TONY STANISZESKI - 612

Hi Game - HERB BLAIR - 214

Hi Team Game - Furniture - 885

Hi Team Series - Stores - 2504

Pool Tables led by BUD MENARDS 595 series took 3 points from the Saws, and are now tied for the league lead with the "Whiz Kids" (Suburbans) 34 points each. FRENCHY and the Whiz Kids split with Roto Spaders two points each. Dispatching falling behind schedule dropped all four to the Stores team. TONY STANISZESKI having his best night of the season blasted 612 pins (211-199-202).

Compacts and Furniture split for the evening and the Bulldozers won 3 points from the Mowers.

The 4 individual leaders so far -

Hi Game Actual - JOHN COFFMAN JR., - 243

Hi Game W/Hdcp. - DON HISEL - 280

Hi Series Actual - HENRY REITMEIER - 642

Hi Series W/Hdcp. - WILLARD ESSINGTON - 695.

CONFUSION SAYS;

EDDIE TOM - Why are there no telephone books in China?

WILSON MOY - Because there are so many people in China by the name of Wing and Wong, the telephone company fears too many people dialing WING, would wing the WONG number.

FOR SALE
