ILLINOIS WITHHOLDING

Shown are the finalists in the Men's Golf League displaying their trophies. From left are JOE DOMINIAK and GORDON FREITAG, the champs, and ROSCOE COMBS and GEORGE (GUS) LAROCHE the Runnerups.

Employees are hereby informed (since there have been some questions) that withholding of the new Illinois State Income Tax is currently being done on the basis of information furnished by the employees on their Federal W-4 forms.

Plant employees withholding, based on the new blue Illinois W-4 forms, will begin with the paychecks to be received on October 10, and all subsequent checks.

### INHALATOR SCHOOL

Last Saturday, September 20, the Kankakee Valley Fireman's Association sponsored an all-day Inhalator-Resuscitation School at Westview High School. Attending from Bradley were Nurses MARGE RYAN and JESSIE MAU, and Supervisors ED KEROUAC and TED POTRZEBSKI. All four received certificates attesting to their successful completion of the course.

### FAMILY SAFETY MAGAZINE

Due to you know what, the summer issue of Family Safety was unable to be delivered in time to be sent out on schedule. As a result we will send out the summer and fall issues together. We realize that summer is over, but it's still good reading for all members of the family.

## OLD TIMER OF THE WEEK

This week's honored Old Timer comes from Southern Illinois but has been "up north" so long now that he's almost forgotten what it was like down Anna way. BON BURNLEY started here on April 30, 1941, and has spent his entire Bradley career in the Machine Shop. In fact twenty-seven years were spent on one machine. Currently he is classified as Set-up man.

During World War II BON served thirteen months as a medic in the Air Force. He says he served no overseas duty "except in Texas".

The BURNLEY'S (BON and LORENE) have two married daughters; REBA LEE ESTES who lives in this area, and EMMA JANE FLOYD of Biloxi, Mississippi, where her husband (a career Air Force man) is attached to Kessler Base. There are four grandchildren, three girls and a boy.

This fine Old Timer, who has a fine sense of humor, and seems to enjoy everything about him, likes to travel and has been in all of the Eastern States, and as far West as Yellowstone Park. He used to hunt and fish a lot but has given them both up.

Congratulations to the following proud parents:

BOB D/35 and CHERYL ADAMS on the birth of their second child, a boy JEFFERY born Sept. 17.

ORVILLE and ROBERTA PALMER on the birth of their first child, a son JOHN born Sept. 19. ORVILLE is in Dispatching.

TOM D/35 and HELEN BORN on the birth of their second child, a boy JOSEPH "born" Sept. 18.

JIM MILLER of Accounting supplied us with this and we thought it was interesting enough to pass on.

### THE GOOD OLD DAYS?

Do you remember when? Ah, the good old days! Or were they? The office rules below, issued in 1852, were found recently in the ruins of a demolished factory in Scotland. They are reprinted here from a recent issue of Friden Employee News, published by Friden, Incorporated.

1. Godliness, cleanliness, and punctuality are the necessities of a good business.
2. This firm has reduced the hours of work and the clerical staff will now only have to be present between the hours of 7 a.m. and 6 p.m.
3. Daily prayers will be held each morning in the main office. The clerical staff will be present.
4. Clothing must be of a sober nature. The clerical staff will not disport themselves in raiment of bright colours.
5. Overshoes and top coats may not be worn in the office, but neck scarves and headwear may be worn in inclement weather.
6. A stove is provided for the benefit of the clerical staff. Coal and wood must be kept in the locker. It is recommended that each member of the clerical staff bring four pounds of coal each day during cold weather.
7. No member of the clerical staff may leave the room without permission from Mr. Rogers. The calls of nature are permitted and clerical staff may use the garden below the second gate. This area must be kept in good order.
8. No talking is allowed during business hours.
9. The craving of tobacco, wines or spirits is a human weakness and as such is forbidden to all members of the clerical staff.
10. Now that the hours of business have been drastically reduced, the partaking of food is allowed between 11:30 and noon, but the work will not on any account cease.
11. Members of the clerical staff will provide their own pens.
12. Mr. Rogers will nominate a senior clerk to be responsible for the cleanliness of the main office and the private office. All boys and juniors will report to him 40 minutes before prayers and will remain after closing hours for similar work. Brushes, brooms, scrubbers, and soap are provided by the owners. The owners recognize the generosity of the new Labor Laws, but will expect a great rise in output of work to compensate for these near Utopian conditions.
