## BRADLEY PLANTONIC

As we promised last week here are some further excerpts from the May 1941 issue of the Bradley Plantonc, that might be of interest to Roper Bradley employees 31 years later:

NICK GINERIS was on the Champion Bowling Team. FRANK WASETIS won the individual average championship. LARRY POWER was being congratulated on attaining the rank of Foreman.

Letters were printed from SAM COFFMAN and ARMAND (FRENCHY) CYRIER who were serving a year at Camp Callan in California. The poor guys were talking about getting out already. Little did they realize that Pearl Harbor was still seven months in the future.

**OLD TIMER OF THE WEEK**

This week's honored employee is ROBERT HESEL, who came to work at Bradley on November 13, 1947 at the age of seventeen while still a senior at Kankakee High School. He started in the Forge Shop as a trucker and sweeper later going to Stores and then to Engineering as a Draftsman. Apprentice under the G.I. Bill. In 1964 he was transferred to the Newark Division for a year and has been on Supervisory status since his return. His current title is Product Designer.

BOB entered the Army in 1948 and was caught in the Korean conflict, which lengthened his service time to almost four years, part of his time being served in Japan. It was during his military days that he learned drafting, enabling him to pursue that career after his discharge as a Corporal.

BOB and his wife PAT were married while he was in service and will celebrate twenty-two years of married life in August. They have two children, CHRISTINE 17, a senior at McNamara High School and JOHN 13, who is an 8th grader at St. Theresa.

This fine Old Timer names golf and bowling as his hobbies but by far his greatest outside activity is the Knights of Columbus. He has been very active for ten years in the organization and is proud that St. Viator Council was named "Best in the State" while he was Grand Knight, a few years ago. This earned the HESEL family a trip to Hawaii. BOB currently holds a state office as Special Assistant to the State Deputy and is a delegate to the state convention. He admits to being a ham and has helped entertain Roper groups on many occasions, several times playing the part of Mr. G in skits. His rendition of "I'm just wild about HARRY" brought the house down at a Keyman's function a few years ago.
