EMERGENCY PARKING

There are three reserved parking spaces in the North Parking lot for the use of volunteer firemen. This is necessary because these men are subject to emergency calls at any time. Even though these spots are marked, other employees have been occasionally taking them, thereby causing a bad situation. Employees are advised to stay out of these places or face the possibility of having their cars towed away.

Receiving their certificates from Employment Manager DON BLANCHETTE, as full fledged Journeyman Model Maker are RICHARD CROSS and MEDRICK JOUBERT from the Experimental Department. After four years of hard work and studying they have accomplished a very difficult task. Our congratulations to both RICHARD and MEDRICK for a job well done.

OLD TIMER OF THE WEEK

This weeks honored employee PAUL BENOIT was born in Bourbonnais, and has lived his entire life in the village he has seen grow from 300 population to its present 6000. Before coming to work at Bradley on August 3, 1951 he worked at Kroehler and Florence Stove and his entire Bradley career has been spent in the Welding Dept.

During World War II PAUL spent over four years in the service of his country with forty-two months overseas. A fire control electrician in the Army Anti-Aircraft Artillery his service took him through the South Pacific with stops in the Gilberts and Okinawa, even spending one Christmas on Christmas Island. He was discharged with the rank of Tech. Sgt.

PAUL and his wife ELMA were married during the war and on next January 2, will celebrate thirty-one years of married life. They have one daughter, Mrs. Tom Kroll and a little seven month old granddaughter.

This fine Old Timer, who is considered one of the best in the plant at his craft, has been Asst. Chief of the Roper Fire Brigade for the past seven years, and is a former 10 year veteran of the Bourbonnais Fire Dept. He was Union Steward for three years. A former hunter he says he has given it up, because there is no longer any place to hunt. His principal hobby now is watching football and baseball.

FLU SHOTS

209 employees were given Flu Shots on Wednesday, Oct. 25 by the First Aid Dept. Of this total 23 were receiving them for the first time, which means they will need another shot in two months. Nurse MARGE RYAN informs us that approximately 60 employees signed up for the shots but did not receive them. These people can still get them in the First Aid Dept. but should arrange to do so as soon as possible.

Congratulations to DONALD D/35 and JUDITH JACKSON on the birth of their second child, a girl, MISTI DEAN.

IT HAPPENS ON MONDAYS "BOWLING THAT IS" BY HAROLD SIEFERT

The Truckers, with three men getting a 500 series, took three points from the Welders and opened up a three point lead over them, and also over Assembly. Assembly took three from the Tool Room Team. The Machine Shop, with PERKINS and GLEASON showing the way, took three points from Stores, who didn't really have it at all that night; right fellas? The Forgers and Cutting-In decided to take two points apiece and call it a night.

TOM BROWN had the nights high game with a 221 and JERRY GLEASON had the high series, with a 560. Other good games and series were: FRANK McNASH Sr. 500, GABE KEROUAC 502, TOM BROWN 221, BUD MENARD 521, ERNIE PERKINS 523, JERRY GLEASON 206-215-560, AL GUNETTE 507, PETE GERACI 504, RON HIRT 514, BOB SHOFF 201-541, and CLARENCE STUMP 201-500. If your looking for my name Ma, you won't find it.

After the first eight weeks of bowling, the top five bowlers are: FRANK OVNICH-173, BUD MENARD 172, BOB SHOFF-170, GABE KEROUAC-168 and JERRY GLEASON-165.

The Standing after the first eight weeks are:

TRUCKERS	with 21 Points
ASSEMBLY	with 18 Points
WELDERS	with 18 Points
MACH. SHOP	with 16½ Points
TOOL ROOM	with 15½ Points
FORGERS	with 14½ Points
STORES	with 14½ Points
CUTTING-IN	with 10 Points

Cooperation is doing with a smile what you have to do anyway.
