## TIME CARDS

On the front of each time card is printed clearly the following: "Punching a time card other than your own is cause for dismissal". This would also be true of anyone allowing his own time card to be punched by another.

On this basis many of our employees are flirting with disaster since we have received information that this company rule has been, and is being widely ignored by employees.

There are many good reasons why each employee must punch his own card and no one else's. There is no valid reason for any employee punching another card or allowing his card to be punched by another.

### OLD TIMER OF THE WEEK

This week's honored employee RAY MCNASH was only nineteen when he reported for work here at Bradley on December 4, 1952, although he had worked previously at Casper Iron Works and Florence Stove Co. His first job in '52 was in the Core Room of the Foundry but most of his twenty years have been in Assembly where his present job is bonding chain saw gas tanks.

RAY and his wife Donna have been married twenty years and have an eighteen year old daughter Lona who is a freshman at Rocky Mountain College in Billings, Montana.

As to hobbies the MCNASH family's big one is Toy-town, a toy and hobby shop on Broadway in Bradley they have operated for the past fifteen years. This keeps RAY busy during his off hours but he still finds some time for swimming and boating. MCNASH is quite a Roper Bradley name as brother FRANK and nephew FRANK JR. both work here.

### GOOD CARE

An antique collector passing through a small village stopped to watch an old man chopping wood with an ancient ax. "That's a mighty old ax you have there," he remarked.

"Yup," said the villager, "it once belonged to Sir Walter Raleigh."

"Not really!" gasped the collector. "It has certainly stood up well."

"Of course," admitted the old man, "it's had three new handles and two new heads."

Employer: "You were twenty minutes late again this morning. Don't you know what time we start work in this office?"

Tardy employee: "No, sir. They're always working when I get here."

### REASON ENOUGH

Brown: "The average man lives 30 years longer than he did in 1800."

Jones: "He has to in order to get his taxes paid."

## IT HAPPENS ON MONDAYS "BOWLING THAT IS" BY HAROLD SIEFERT

It looks like somebody might have a chance in this league yet. Guess what, the "Cutting In" team was rolled over flat by the "Tool Room" boys to the tune of four points, something no one else had been able to do. With position night coming up next Monday night, things are really getting interesting because these two teams will again be going at it as they are running one-two in the league. The "Tool Room" won their series Monday night by a whopping 305 pins. Can't argue with that. BOBBY CRAWFORD was the "big" gun in that series with his fine 561. However, his team-mates bowled very well also with the low man at 478. The top bowler of the night however was "little" BOBBY SHOFF with his high game and high series 228-585.

As we mentioned before "Tool Room" took four points from "Cutting In", the "Welders" and "Forgers" split four points between them, "Assembly" took three points from "Machine Shop" and the "Stores" team rolled over the "Truckers", taking all four points.

The "stars" tonight were very few but here they are: BOB CRAWFORD 200-561, JOE ARBOUR 515, LEO RICH 523, AL GUENETTE 203, HAROLD SIEFERT 524, BOB SHOFF 228-585, and CHUCK KENDALL 529.

The standings with just 30 more games to go are:

	Points	W	L
1. Cutting In	22	16	5
2. Tool Room	19	14	7
3. Forgers	14	11	10
4. Assembly	13	10	11
5. Stores	12	9	12
6. Truckers	11	8	13
7. Welders	11	8	13
8. Machine Shop	10	8	13
