## RETIREE

Everyone on the seniority list moved up one notch this week with the retirement of CLARENCE WARD who has been a Bradley employee for over 46 years and was NUMBER ONE on the list. CLARENCE will not be 63 until later this month and might have gone the full distance but was cut down early this year by a leg condition requiring surgery. As a result he has decided to take a disability retirement.

CLARENCE has no big plans for traveling etc. Rather he plans just to stay home at 176 No. Douglas in Bradley, tinkering around with his tractor, and work around the house. He will be missed by all who knew him, and everyone wishes the best for this great little guy. Son Jim, leadman in D/35, will carry on the family name at Bradley.

### OLD TIMER OF THE WEEK

In every plant there are a few dedicated people who are OLD PRO'S in every sense of the word and such a man is this week's honored employee MATT KENDZIOREK who completed 38 years of service to Bradley and Roper last January. This is the only place MATT has ever worked, starting on January 21, 1935 in the Foundry, and remaining there until it closed. He then spent a year in Furniture before transferring to Assembly where he is currently Line Inspector on the Suburban Line.

MATT and his wife Iona have been married almost three years and reside at 259 No. Cleveland in Bradley. He has two children by a previous marriage. Linda Bacino married to a career Navy man lives in Westminister, California. Son Bill, a former teacher, is now Assistant Mgr. of the Kankakee Chamber of Commerce. There are four grandchildren, Linda having two girls and Bill two boys.

This great OLD TIMER is an avid traveler and camper. Over the years he has visited all the states plus Canada and Mexico. He is understandably proud of the fact that he helped assemble the first tractor ever made at Bradley. In spite of his long years of service he is only 57 and is not even thinking of retirement. One thing is sure, when that day comes he will be hard to replace.

8. Henry Nehls	D/35	10-15-32

10. Van Davis	Guard	8-16-33

### IT HAPPENS ON MONDAYS

"Bowling That Is"

by Harold Siefert

The TRUCKERS waited long enough for someone to catch them, and the OFFICE thought it might as well be them leaving the two teams tied for the lead after six nites of "bowling" with 16 points each. The OFFICE did it by taking three points from the MACHINE SHOP while the TRUCKERS could only manage two and a half from the SUBURBANS. Somehow this seems to be the year for half points. Four teams are walking around that way.

Nothing really exciting happened tonite but CLARENCE STUMP came up with the high series with a 540 and DOUG DANKEL took high game honors with 211. The WELDERS team moved from sixth to third place by sweeping all four points out from under the FORGERS, ASSEMBLY took three from the CUTTING-IN team, TOOL ROOM did the same from STORES, OFFICE also took three from the MACHINE SHOP, and finally the TRUCKERS took two and a half from the SUBURBANS and gave them one and a half. As you might expect, all those half point games indicate there are a lot of tie games so the boys are really fighting hard for those games. Everyone will be trying hard to improve their positions next week because the next week after that will be our first position nite.

Other good series and games tonite were WILL ESSINGTON 533, LARRY POWER 202-503, GABE KEROUAC 531, DALE GRAF 200-528, THURSTON JONES 202, DOUG DANKEL 211-529, GARY MENARD 522, and CLARENCE STUMP 540, JERRY FORBES picked up the 3-7-10 split, and DAVE SHELL took care of the 6-7-10.

I would like to remind the team captains that they are responsible for filling out their bowling sheets in their entirety, and signed by them also.

I would like to mention that LEO RICHA, who is one of our retired bowlers paid us a visit tonite and it was good to see him. LEO had surgery again during the summer and was unable to bowl.
