IT HAPPENS ON MONDAYS "Bowling That Is"

by Harold Siefert

"Guess what", nobody picked up any bonifide splits to-nite and it messed up the whole story, so I thought instead of ending up talking about it, I'd start out with it. One thing that's not different is that the MACHINE SHOP boys are still in first. They didn't have to work too hard because all they had to beat was the TOOL ROOMS 2692 series, and they did with 2797 and all four points. Its a good thing they weren't bowling against the FORGERS because the story would have been different. The FORGERS did it all tonite. They had high team series 2905, high individual game 236, and high individual series 570. The high individual game was by another "old pro" DON BAYLOR who just needs to pick up "old mud ball" and throw it. He has a teammate who has a little experience, too, BUD MENARD got the highseries. It was bad luck for the ASSEMBLY team to run into them and lose all four points. The OFFICE took three points from WELDERS, TRUCKERS did the same from CUTTING-IN, and SUBURBANS followed suit from STORES.

GOOD game and series were rolled by AMBROSE HACKLEY 514, BOB CRAWFORD 531, ED BAKER 206-540, DAN LAFOND 525, GALE ALBERS 516, WILL ESSINGTON 546, PETE GERACI 501, WILLIE LEWIS 523, DON BLANCHETTE 509, DOUG DANKEL 511, BUD MENARD 211-570, and last but not least, DON BAYLOR 236-566.

Hows that for a short story "PETE"; he doesn't like me to drag these things out but we wish "GABE KEROUAC and PETE LAFFEY a quick recovery."

"You must be quite a comedian... all your references laughed when I mentioned your name."

Manuel was raving to his friend Pedro about the wonderful Americanos. "Ah," he exclaimed, "they are the most wonderful, most generous people on this earth. There is no one like them . . ."

Pedro cut him off skeptically. "what's so wonderful about Americans?"

"Who else" asked Manuel, "would come down to Mexico in their big limousines, invite you to return with them to the United States, get you a suite in a big hotel, buy you meals, clothes, champagne, and then bring you back, and it doesn't cost you a centavo?"

"All this," said Pedro, open-mouthed, "all this happened to you?"

"To me, no," said Manuel. "But to my sister, yes."

OLD TIMER OF THE WEEK

This week we honor COLMAN (TOMMY) SHEEHAN, who was born and raised in that quiet out-of-the-way town of Irwin. Prior to coming to Roper's he was busy farming for Dr. Martin. Then in 1936 TOMMY came to work in the warehouse for 35¢ per hour. He has since spent his time in the Boiler Room.

TOMMY served in the Navy during World War II, as Boilermaker in the Repair Unit. He did repairs on damaged boilers of all types, not only on our ships but those of the allies.

TOMMY and his wife Leona have four children. There is Wayne, a PHD who is presently living and studying in England. A daughter, Janet Mathews, whose husband is a barber. Twins Lynn on the Kankakee Police Force, and Pamela Walker of Kankakee, whose husband is with Pepsi Cola. Thus TOMMY and Leona are blessed with five grandchildren.

TOMMY is a proud but busy owner of 70 acres near the Wisconsin Dells, which takes up much of his vacations and weekends with the up-keep. Though 60 acres are under cultivation the remaining acres consist of 20,000 Christmas trees.

TOMMY says that he has enjoyed his years working here with good people and under good supervision. Thanks for being with us TOMMY.

SYMPATHY

To ELDEN KRAPF Controller, on the death of his mother.

To SAMUAL BENNETT D/15, on the death of his sister.

"The pilot wants to know if there's anyone on board who could recognize the Rocky Mountains if they saw them?"

The three sons were at the bedside of their father, who was dying.

One says, "When Father dies, we're going to give him the biggest funeral there ever was. We're going to hire 10 cars and get \$1,000 worth of flowers. It's going to be the biggest funeral in the country."

The second son says, "What do you want with 10 cars—who needs 10? We'll get two cars for the immediate family, and that's it."

The third son says, "We don't need 10 cars, we don't even need two cars. "We'll get a hearse and hop on the running board."

At that point, the old man sat up and said, "If it isn't too much trouble, would you mind going to the closet and getting my pants. I'll walk to the cemetery."
