IT HAPPENS ON MONDAYS "Bowling That Is"

by Harold Siefert

Another Monday nite is over and forgotten. Its always easy to forget the scores you got or didn't get, but its not easy to notice when someone is missing, especially if you know he won't come back. I'll miss that "Love Tap" on the arm (as "Gabe" called it), I always got when I handed him his bowling sheet, and I'll miss not writing his name in his usual place. I do know "Gabe" will be missed by everyone who knew him whether they bowled or not, and "Gabe" will still be there every Monday nite in our memories, the way he was.

Maybe it was the mood of the nite because the action was very lite as far as scores were concerned. MACHINE SHOP hung on to first place by taking three points from CUTTING-IN, but below them the shake-up was very interesting because nobody stayed in the same place. The TOOL ROOM took four from FORGERS, SUBURBANS took four from the WELDERS, STORES did the same to the TRUCKERS, and the OFFICE took three from ASSEMBLY. The high series tonite was again by BUD MENARD 562 and 201 was the high game by PETE GERACI.

Good games and series were by PETE GERACI 201, THURSTON JONES 200-531, DON BLANCHETTE 507, WILLIE LEWIS 535, BUD MENARD 562, LEO RICHARD 532, WALT DUPUIS 529, and AMBROSE HACKLEY 532, SAM RAIMONDO, ED BAKER and WILLIE LEWIS all picked up the 5-10 split, MIKE LARSON the 6-10, and BRUCE COURVILLE the 2-7-10.

SYMPATHY

Another great retiree's death has crossed Roper's path, with the death of GABRIEL KEROUAC. He had served us for 44 years in which he was a supervisor in Dept. 10. We extend our sincere sympathy to the family in which several of them are with Roper's. Daughter Mrs. Barbara Nowman, of the mailroom, brothers Edwin, General Foreman and Thomas, Asst. Traffic Foreman, also a nephew Jay, Production Engineer.

Also, sympathy goes to DAN DAILY D/35-34 on the of his Grandmother.

And to JOHN PERRY on the passing of his father-in-law.

PERSONAL TELEPHONE CALLS

The old expression "a few ruin it for many" is still true. The Personnel Department has taken on the appearance of a telephone answering service and/or message distribution center.

Many of the calls received have proven to be unnecessary from boy friends, girl friends, lonesome wives, whatever.

This notice is to inform all employees, that effective immediately we will require the callers name and the reason for the call. Only those calls that prove to be of an emergency nature will be transferred to the person called.

Your co-operation with the above will be greatly appreciated.

OLD TIMER OF THE WEEK

This week we honor DINNIS (TED) MARTIN as our "Old" Timer." TED has been with us for 38 years, starting here on February 17, 1936 and working for four years in Assembly and his remaining years in maintenance where he has acquired the title of Bricklayer Leadman.

TED and wife Edna have 2 daughters, Phyllis Schnell, who has 2 little girls and Sharon Riley who has 1 little boy. Not that they aren't proud of their granddaughters but their especially proud of the grandson, being the first boy in two generations on his wife's side of the family.

TED likes working around the house and doing odd jobs there and for neighbors. Another favorite pastime is babysitting with the grandchildren.

TED is also a big Cubs and Bears fan on which we do hope his teams have a better year this year.

An Easterner on his first trip west, traveling on a bus tour was unmoved by the scenery, scoffed at the Grand Canyon, yawned at the Petrified Forest, the Painted Desert, and had no interest at all in Yellowstone Park.

When the bus driver had had too much of this carping and indifference, he finally turned to the fellow and said quietly "Mister, when you haven't got it inside, you can't see outside."

PAPER CLIPS

Minute. The smallest package we have ever seen is a man all wrapped up in himself.
Censor, Fredonia, N. Y.

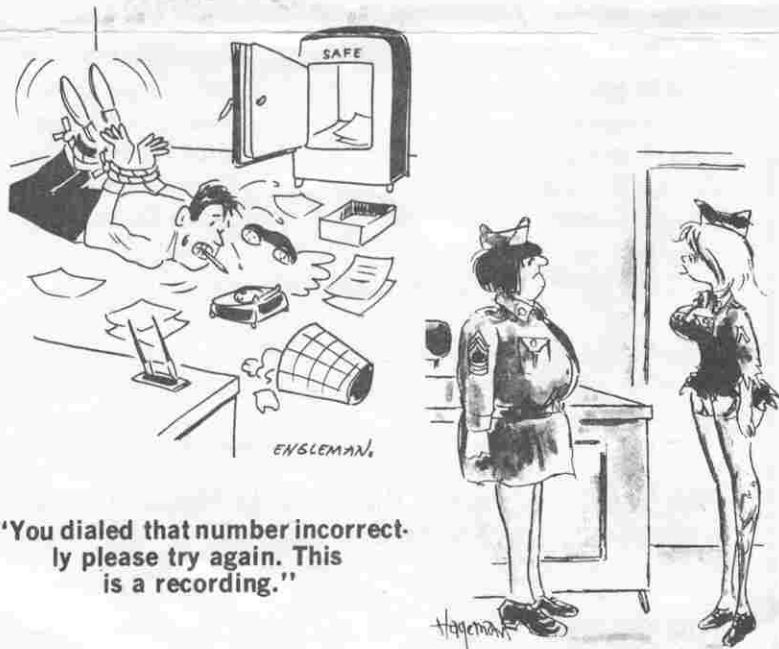

Weather Report. Snow tomorrow, followed by little boys on sleds.
Record, Penns Grove, N. J.

Logical Question. Concerning the influence of TV western movies on the small fry, we might mention a young relative of ours who, when told that his uncle had passed away, asked quickly, "Who shot him?"
Times, Thief River Falls, Minn.

Indispensable. A refrigerator is a place where you store leftovers until they are old enough to throw out.
Standard-Examiner, Ogden, Utah

Forgotten. So many substitutes have been discovered by scientists that it's difficult to remember what it was we needed in the first place.
Tribune, Lynden, Wash.

Credit Crisis. About the time you struggle up even with the Joneses, they refinance!
Independent, Elkhorn, Wis.
