## IT HAPPENS ON MONDAYS

"Bowling That Is"

by Harold Siefert

With the next to last "position" nite coming up next week, things are really tight. There's not much breathing room for anyone. Here's how they look after 23 weeks of bowling. Only 10 weeks left:

	Pts.	W.	L.
Mach. Shop	20	15	6
Truckers	17	12	9
Office	16	11	10
Stores	15	12	9
Cutting-In	15	12	9
Suburbans	14	10	11
Welders	12	10	11
Forgers	11	8	13
Tool-Room	11	8	13
Assembly	9	7	14

The standings have been bouncing around like musical chairs. "MACHINE SHOP" managed to hang on by splitting with the WELDERS as they settled for two points each. The TRUCKERS bounced back to take all four from ASSEMBLY after losing all four last week. The CUTTING-IN boys cooled off the OFFICE team by taking all four points from them. STORES somehow took three points from the FORGERS, and the SUBURBANS did the same to the TOOL ROOM.

Its ironic that the high game and high series tonite were rolled by two guys that won't have enough games in (66) to qualify for any individual prizes. There both good guys though and I'm sure it won't bother them too much. TOM HENDRIX took care of the high game 215 tonite starting off the first game, and ERNIE PERKINS turned in the high series with 567.

Other good games and series were DON CHRISTER 510, BOB CRAWFORD 209-540, ERNIE PERKINS 567, TOM HENDRIX 215, DON BAYLOR 508, WILL ESSINGTON 540, THURSTON JONES 201-560, DON BLANCHETTE 548, JOE ARBOUR 520, LEO RICHA 513, and GALE ALBERS 204-540. The sharpies who picked up the hard ones were ROBERT BESS the 5-8-10, ED BAKER the 5-9-7, and BUD MENARD, DON CHRISTER, and TERRY ARSENEAU all got the 5-7.

OLD TIMER OF THE WEEK

This week's "Old Timer" is JOHN HUDSON who started with us back on March 3, 1936. Starting in the Foundry and staying there for five years until his draft into service in April of 1941. JOHN spent 4 years with the Army, 38 months of overseas duty which was spent in Europe. He was wounded in France 3 times thus spending his remaining 3 months of service in a convalescent hospital in Colorado. Starting back at Roper's in 1945 working in the Shell Line in Inspection for 2 years, then going to inspection in D/66 until his permanent position of Security Guard in March of 71.
