RETIREE

April 12 is the official day for STELLA VAILLANCOURT to take a deferred retirement, but actually she hasn't worked since March 5, having been on vacation since then. STELLA, who has been in Timekeeping for most of her 29 years at Bradley will have to wait a long time for any benefits since she is only 48, but she has been contemplating this move for a long time and finally decided.

Future plans are a little vague, but call for a lot of golf this summer and as much travel as possible, depending on how much time her husband can take away from his radio, television, TV cable business in Momenca. Good luck STELLA.

WE WISH FOR ALL OF OUR EMPLOYEES AND THEIR FAMILIES A JOYOUS EASTER HOLIDAY.

OLD TIMER OF THE WEEK

This week we honor AMBROSE "Red" LOCHNER a real Old Pro of the Experimental Dept. who came to work at Bradley on March 9, 1939. At the time he was 26 years old and his only previous work experience was farming. His first assignment was in the warehouse, but after about a year he went to Experimental. During World War II he was in the Shell Line, but, with that exception, his entire career has been in Experimental, where he has had four different foremen.

RED and his wife Gladys have been married thirty-five years and have two daughters and six grandchildren. Daughter Barbara Fenton lives in New Lenox, Ill. and her husband is employed by the Zurich Insurance Co. Daughter Bonnie Stuck is in Japan with her career Air Force M/Sgt. husband.

This Old Timer has a travel trailer which he dearly loves to pull around the country. Last year the Lochners vacationed in Arizona and Texas. Mrs. Lochner has a farm near Plainfield, Ill. which keeps them both busy during their spare time.

Wife: "Yesterday, I read in the newspaper that in India, a man can buy a wife for three dollars. Don't you think that's awful?"

Husband: "Gee, I wouldn't say that. A good wife should be worth that much."

IT HAPPENS ON MONDAYS

Just 2 more chances to overtake those front-running MACHINE SHOP boys who saw their lead shrink last nite from 3 points to only 1½. A story script is for next week although it isn't a position nite as such, it turns out the same way. CUTTING-IN who slipped into second place is scheduled to take on MACHINE SHOP, so it should be very interesting, right? It's very possible the same two teams could also meet the following week which IS a position nite. So these next 2 weeks will tell the whole story as to who will face the TRUCKERS, who were the first half champs, in the roll off on April 29th.

BOB CRAWFORD seems to have a knack of coming up with the big games. He did it again tonite as he really wrecked the MACHINE SHOP boys with his 579 series: BOB had games of 158-200-221. RAY MCNASH helped out with 499. JOHN BELL did all he could with a fine 558 series, as his handicap put him on the individual category board. JOHN'S series ties him for 3rd in the high series with a 666 this including his handicap.

The STORES applied the old white-wash to the SUB-URBANS, by taking all four, the WELDERS did the same to the OFFICE, CUTTING-IN followed suit against the TRUCKERS, ASSEMBLY took three from the FORGERS, and the TOOL ROOM also took three from MACHINE SHOP.

Good games and series were rolled by steady GALE ALBERS 207-554, BUD MENARD 210-555, THURSTON JONES 214-536, AMBROSE HACKLEY 535, JOHN BELL 206-558, CLARENCE STUMP 509, BOB SHOFF 542, GARY MENARD 201-506, and BOB CRAWFORD 200-221-579. PAUL GIBSON converted the only split tonite the 5-7.

I want to remind anyone who may be lagging behind a little in their payments to get caught up in the next two weeks.
