OLD TIMER OF THE WEEK

This week's honored employee MYRON MOODY was born on a farm in Antler, Saskatchewan, Canada on August 20, 1917 but never had any citizenship problems. It seems his parents had emigrated to Canada from their home near Chebanse five years earlier returning to this area when he was seven years old. On June 6, 1939 he came to work at Bradley as a welder in the Stoker Dept. In 1946 he transferred to the Machine Shop which has been his home department ever since, although he has been in 25B ever since it was formed. He is second only to Al Guennette in seniority in 25B where he is classified as a Bar Machine Operator.

During World War II MYRON spent almost four years in the Army Air Force with overseas duty in the Pacific where he served in Australia, New Guinea and the Philippines. A drill instructor while in the states, he was a mechanic overseas.

MYRON and his wife Mary have been married almost twelve years and have no children. Mrs. Moody works at Samuel's in Kankakee.

This fine Old Timer likes gardening, travel, and has recently taken up a new hobby; home redorating. The MOODY'S have traveled extensively through the U.S. and Canada, and plan their next trip during the Christmas holidays.

PROPER HANDLING

Whenever an animal is shipped on the Seaboard and Western Airlines, instead of the usual "Handle with Care" sign, the cage bears a special tag reading: "Handle with Love."

OFF BASE

While watching a movie heroine's pitiful struggle to find true love, a husband became more and more annoyed with his wife's sniffles. Finally he demanded: "Why is it you cry over the imaginary woes of people you never met?"

"For the same reason," his wife snapped back, "that you yell and scream when a man you don't know hits a home run."
