Kenneth Ducat	D/66	10-30-69

BIRTH

Congratulations to GREG and Julie HERSCHER D/25 on the birth of their first child, a boy born on October 7,

RETIREMENT PREPARATION PROGRAM

In order to familiarize employees who are close to retirement with what it is all about Roper Outdoor Products is going to offer, beginning on Saturday, Oct. 19 a program of preparation for retirement. This program will be run in conjunction with Kankakee Community College and will be held for five consecutive Saturday mornings in the Sales Conference Room. All employees sixty years of age and older and their spouses are invited to attend. Roper will pay all costs.

All eligible employees should have received a letter within this week explaining the whole thing.

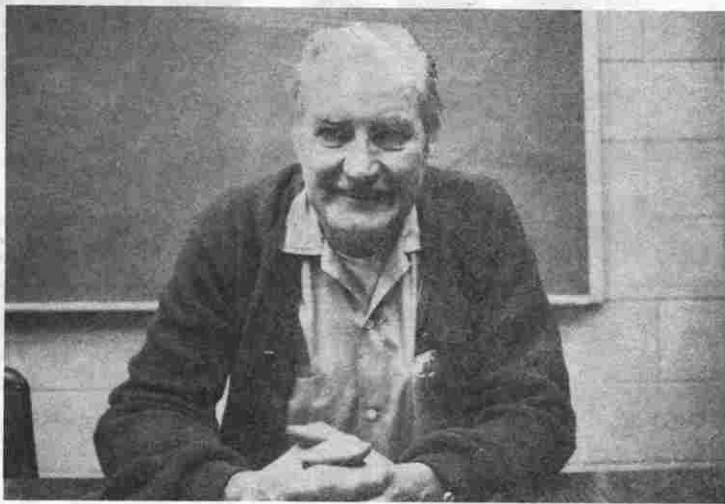

Among the subjects offered will be: Social Security, Medicare, Estate Planning for Old Age. Your editor will be in charge, but each session will be conducted by experts who are fully qualified to answer any questions. The sessions will be no longer than two hours each or less. Please let us know immediately if you plan to attend.

LONELY DONOR

Our only blood donor this month was LARRY HEAGLE D/94.

"You should congratulate me for having the courage to bring home such a miserable salary."

OLD TIMER OF THE WEEK

This week's honored employee PAUL LEGRIS has only worked at one place in his career and that was right here at Bradley, in fact he started here just six days after his graduation from high school. His employment date was June 14, 1939 and his first job was making Stokers. Later he went to the Warehouse and during the Korean War was in Continental Motors. It was during this period that he went on Supervision and in 1970 he was named General Foreman of the Machine Shop, a job he currently holds.

During World War II PAUL spent 3 years in the Army, most of it overseas. Starting in Africa he moved to Sicily, England, France, Belgium, Luxembourg and Germany. Along the way he earned the Silver Star and seven battle stars. Because of a natural proficiency in languages he was the interpreter for his outfit, the 70th Tank Battalion. At war's end he had attained the rank of sergeant.

PAUL and his wife Rita have been married 27 years and have five children and three grandchildren. The eldest daughter Antoinette (Toni) is married to the son of John Keegan, President of the Roper Sales Group. Son Paul T. works for a TV station in Michigan. Son Rick is a supervisor at the local General Foods Kennels. Joe works at House of Wille and Mary is a senior at Bradley High.

This fine Old Timer likes to work with his hands and his hobbies are mechanical work and remodeling things.

HOW MUCH DO EYEGASSES WEIGH?

A prospect for life insurance was filling out the necessary application. Included in the information required was one question that asked for the applicant's accurate weight.

The man filled it in: "189—with glasses."

The insurance representative was somewhat puzzled by this unusual entry.

"Why don't you put down your weight minus the glasses?" he asked.

"Because I can't read the bathroom scales without my glasses," the applicant replied.

A NEW QUESTION

An elevator operator, annoyed because every fifth passenger asked him the time, hung a clock in the elevator. Now no one asks him the time, but every passenger wants to know: "Is that clock right?"

IT HAPPENS ON MONDAYS

"Bowling That Is"

by Harold Siefert

A rarity for our league is a genuine "600" actual series. For a while RICHARD CLODI was well on his way but came up 34 pins short. RICHARD never the less ended up with 566, starting off with 208-205 and 153. his team although had high series for the night.

The "Truckers" stay in first place was short-lived as the rough "Maint." crew jumped from 4th place to 1st just like that. The "Welders" who were 2nd, now find themselves in 4th place and 1 point out of 1st. There is only one point separating the first five teams.

The "Suburbans" took three from "Forgers", "Office" did the same from "Stores", "Assembly" likewise from the "Truckers", "Maint." also took three from "Welders" and the "Tool Room" blanked the "Dispatchers", taking all four.

Good games and series were rolled up tonight by MIKE LARSON 201, WALTER DUPUIS 512, GALE ALBERS 508, TERRY DUPUIS 508, RON HIRT 511, BOB CRAWFORD 202-562, ERNIE PERKINS 529, RAY FORBES 523, and RICHARD CLODI 208-205-566. DOUG DANKEK converted the 6-8 and 4-7-10, NEAL BARSTOW the 5-8-10, and TERRY DUPUIS took care of the 6-7-10. Next week we will list the individual leaders of high game actual, etc.

FOR SALE: House: 3 bedroom with formal dining, eat in kitchen, 1½ baths, living and family rooms. Double fireplace, 2 car garage, screened in porch, on 1.1 acres in Bourbonnais Township. Many extras included. Call 932-1283.
