Bob Feller
Blas Vargas
Gene Schrader
Ernie Collens
Elmer Martin</p> | |

IMPORTANT!!!

Anyone in the Plant or Office who has an Idea for Cost Improvement, please turn it in to your "Favorite Team". Your idea will be acknowledged.

Evaluation of suggestions will begin this week and we hope to post a scoreboard with the standings on all bulletin boards early next week.

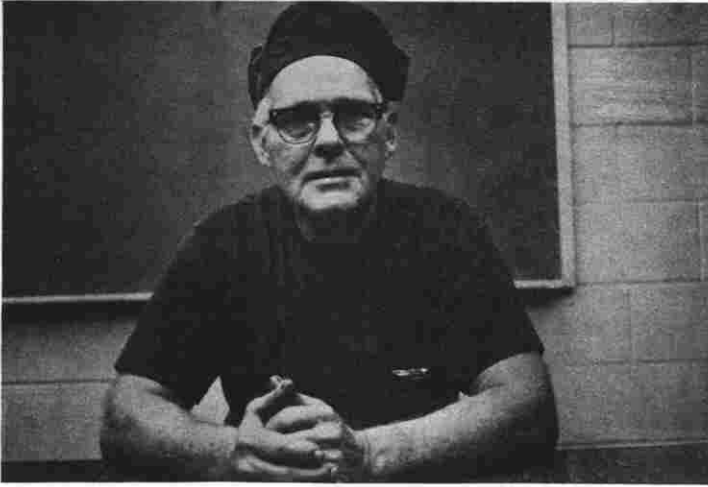

BIRTH

Congratulations to RAYMOND and Myra BEEGLE D/25, on the birth of their fourth child, a boy Mark born 10-24-74.

DEATH

Sympathy goes to OLIVER MILLER, Tooling Dept., on the death of his mother-in-law.

OLD TIMER OF THE WEEK

This week's honored employee EARL COY is a typical Bradley Old Timer: dependable, conscientious and hard working. He was twenty-two years old and had previously worked at Manco when he was hired at Bradley on August 10, 1939. His entire career has been in the same general area as he started in the Steel Yard and then made the short move to the Cutting-In Room, which remains his home department today. He operated the Tube Mill all the time it was in the department, a matter of over 15 years and now operates various presses mainly the 146.

During World War II EARL was gone over three years serving in the Army Air Force. Over two years was spent in England servicing the big bombers. It was during this time that he met a little English girl who was serving in the British Army Territorial Service and they were married in England in 1945.

EARL and his wife Lila have two married daughters Lila Edwards and Freda Shriner both of whom live in the area. The COYS have one grandchild and expect another one this month.

This great Old Timer keeps busy working around the house and takes an occasional fishing trip. He still enjoys every day here at the plant and says this has been true for the past thirty-five years.

CONGRATULATIONS, HAROLD

HAROLD SIEFERT of D/15A who is also the author of the weekly bowling story can hardly be blamed for being very proud this week. His boy Harold qualified for the state finals in the Cross Country last week and is competing at Champaign this Saturday. Young Harold, who competes for Bradley Bourbonnais High School is probably the finest distance runner ever to represent the school, and his times have been the best ever recorded in the area up to now. Unfortunately for Harold there is a young man named Reo Rorem of Gilman who has been just a little better this year. The pair have finished one two in every meet. But maybe this week will be different.

WEDDING BELLS

Congratulations goes to JAMES TERRELL D/35W who married Linda Green on October 19.

IT HAPPENS ON MONDAYS "Bowling That Is"

by Harold Siefert

Only two teams out of ten failed to have at least one bowler with a 200 game tonight at "old" Gala Lanes. They were falling like confetti, because everytime you looked someone was getting that magic number. The "Maint." team made their count the most though as they were the only team to grab four points.

BOB CRAWFORD grabbed high series with a 559 series but only by the slimmest of margins because DON BLANCHETTE was right behind with a 558. High game was shared by RICHARD CLODI and DON BLANCHETTE who both had 212 with RALPH DOERHING right behind with a 211.

Would you believe only seven more nites till the end of the first half. Thats all there is and everyone is still able to win it, however some of us will need a little luck to do it.

"Maint." despite having two bowlers missing still grabbed all four from the "Suburbans", the "Welders" took three from "Office", "Stores" did the same from "Assembly", "Forgers" also took three from the "Tool Room" and finally the "Dispatchers" climbed out of the cellar by taking the "Truckers" for three points.

Good games and series were rolled by DANNY LAFOND 548, PAUL DAVIS 206-518, RON HIRT 501, AL BISAILLON 518, CLARENCE STUMP 205-531, BOB CRAWFORD 210-559, STANLEY BUTLER 200-524, TERRY DUPUIS 205-553, DON BLANCHETTE 212-558, FRANCIS CLODI 206, RICHARD CLODI 212-523, G. ALBERS 209-535, and RALPH DOERHING 211-504. Splits picked up were DANNY LAFOND 4-7-9, BOB CRAWFORD 5-10, DOUG DANKEL 1-3-7, and TOM MONTALTA the 5-7.

SHOEMOBILE

Eighty-five of our employees availed themselves of the opportunity this week to purchase safety shoes during the quarterly visit of the safety shoemobile.
