GREAT NEWS

A few weeks ago we were lagging far behind in the area of blood donations. At that time we ran a story about it. Also the committee was called together and reorganized.

We can now state proudly that the situation is completely turned around and thanks to JERRY POWER, DON MATHIS, and all of his committee we are now giving the Red Cross almost as much blood as they can handle.

During the first two Thursdays in October a total of eighteen employees were donors. We salute them for their good citizenship. The list is as follows:

OCTOBER 3

John Cahill	D/25
Danny LaFond	D/35
Greg LeClaire	D/25
Al Lonergan	D/94
Randy Inman	D/25

ROP-CIP FOOTBALL LEAGUE by John Grimes

The Cost Improvement contest has certainly generated LOTS of enthusiasm - so much so that the evaluation committee are "up to their eyeballs" in suggestions. They are trying to get thru some from each team, so that we can get a first edition of the scoreboard out soon. Standings will be posted on all bulletin boards as soon as possible.

We now have the roster of team #18 - The Williamsburg "Ridge Runners". The captain is Harrell Randolph, and his team members are Glenn Broyles, Mike Ervin, Laverne Quade, and George Miller.

1ST AID

Every so often we keep reminding employees to get first aid for all injuries no matter how slight. It is amazing how small cuts and scratches have become infected because they were not cleaned out and treated promptly. As a result a few have even resulted in lost time and hospitalization. We now have a registered nurse on duty on each of the three shifts so there is no excuse for not having minor cuts and scratches attended to.

FOR SALE: 1966 Buick Wildcat convertible. Runs good. Needs a new top. Asking \$200. Call 933-9063.

WEDDING

Congratulations to ED CHRISTIE D/15 on his recent marriage to Rhonda Jemar, married October 26.

OLD TIMER OF THE WEEK

1941 was an eventful year for Bradley. There are 46 employees who were hired that year who are still employed here. This week we honor the first of these. AL LONERGAN was nineteen when he was hired on February 10 and this is the only job he has ever had. During his first few years he was in many departments such as the Foundry, Steel Yard, Assembly, Shell Line and Repair Parts. However, since 1946, he has been in the Warehouse where he is currently a checker.

AL and his wife Dolores have been married twenty-nine years and have five children and one grandchild. Roger is in the Air Force currently stationed at Clark Field in the Philippines. Richard works for the Penn Central Railroad. Jeff lives at home and is employed at Manco. Diane and Rosemary attend Kennedy Upper Grade Center.

This fine Old Timer has four main hobbies-- hunting, fishing, watching TV and drinking Michelob, although he says he has cut the last one drastically. He has been very active in Civic and Community Affairs. For years he was active in scouting at St. Patrick's Parish. He has been P.T.A. President, Union Steward and member of the plant safety committee. Twice he has run for public office unsuccessfully and says "no more". However it wouldn't surprise us if he were to run for Alderman again.

BIRTHS

Congratulations to LARRY and Paula JECK D/25 on the birth of their 2nd child Jeremy P. born November 2.

Also to BOB and Marsha MARTIN D/35 on the birth of their first child, Jennifer Lynn born October 29.

FLU SHOTS

As of now 297 employees have received flu shots. This is fine, but about fifty people who signed up to receive the shots have not showed up to get them. MRS. RYAN must return the serum by November 15, so if you have signed up, please come to 1st Aid before that date or it will be just too late.

IT HAPPENS ON MONDAYS

"Bowling That Is"

by Harold Siefert

The "Welders" who were rolling right along the last few weeks suddenly find themselves right on the fence wondering which way to fall. The reason for their troubles is primarily the work of one DON BLANCHETTE who picked the right night to have his best series and game. The last three out of four nites now, DON has started out with a "200" game so that wasn't too surprising really, but he didn't stop there tonight. Before he was done, he rolled a 229 along with 200 and 152 for a high series of 581. The 229 also was high. Only a split in the tenth frame of the second game kept him from a "600" series. The "Tool Room" took the high team series with a 2885 and now are only a half point behind those "Welders" who must be feeling the heat now. With only six more nights until the end of the first half, its still up for grabs with everyone still with a chance to pull it through.

The "Tool Room" with a chance to gain ground did just that and white-washed the "Maint." boys for all four points, "Assembly" did the same to the "Suburbans", the "Truckers" also moved up the ladder by taking four from the "Office", the "Forgers" grabbed three from the "Welders".

Good games and series were by RON HIRT 526, RAY FORBES 511, DANNY LAFOND 531, WILLIE LEWIS 207-507, WILL ESSINGTON 504, TERRY DUPUIS 518, TOM BROWN 510, BOB CRAWFORD 521, GALE ALBERS 528, and DON BLANCHETTE 200-229-581. WALT DUPUIS must make it a point to practice on those splits because it seems that every week he manages to get a couple as he did again tonite by picking up the 5-7 twice, DON BLANCHETTE the 6-7, GALE ALBERS the 5-7, and DOUG DANKEL the 5-10.
