FLU SHOTS

The annual flu shots will be given October 15, 1975 in the Dept. 35 canteen area from 1:00 P.M. to 4:00 P.M. Marge Ryan R.N. has indicated that there is still time for those employees to sign up for the shots who have not already done so.

SUCCESS

There is more genuine joy in climbing the hill of success, even though sweat may be spent and toes may be stubbed, than in aimlessly sliding down the path to failure. If a straight, honorable path has been chosen, the gaining of the summit yields lasting satisfaction. The morass of failure if reached through laziness, indifference or other avoidable fault, yields nothing but ignominy and sorrow for self and family and friends. — B. C. FORBES, *Forbes*.

"NOBODY MISSES THE "5" PIN? By Stan Butler

In case anyone is wondering about the title of this article you may be able to find out something about it if you ask Charlie Brinkman.

For the second week in a row we have not had anyone bowling a 200 game. The high game this week was 193 rolled by R. FORBES.

We still had a few good series even without 200 games. B. CRAWFORD 531, T. DUPUIS 528, C. BRINKMAN 527, R. HIRT 511, and T. ARSENEAU 506.

Evidently we are having a lot of splits judging by the amount that were picked up. D. LAFOND 6 - 7 - 10, C. BRINKMAN 6 - 7 - 9, R. WESTOVER 5 - 7, A. GUENETTE 4 - 5, the 5 - 10 was the most popular with 5 people picking it up, S. RAIMONDO, J. GIERTZ, B. CRAWFORD, B. COURVILLE & T. STANISEZESKI.

Stores were the only team to take 4 points this week and the victims were the Painters. Welders took 3 from the Engineers, Truckers took 3 from the Office, Dispatchers took 3 from Maintenance and the Tool Room & Assembly split.

"UNITED FUND DRIVE"

During the week of October 6, the United Fund drive will begin at our plant.

The committee as announced in last weeks paper, will be actively at work, and your co-operation and generosity will be greatly appreciated.

No one on payroll deduction will be contacted to sign a new pledge card. Only employees who are not on payroll deduction or who have previously given cash will be contacted.

We extend sincere sympathy to Retiree, ANN KRAFT on the recent death of her mother.

OLD TIMER OF THE WEEK

One of the most capable and highly regarded employees in his line of work, Inspection, is this week's honored employee VERN SCHNELL who, at the age of twenty, came to work at Bradley on September 16, 1941. Previously he had worked briefly at General Foods. His first assignment here was in the warehouse, but he went to the Foundry, Shell Line on a lathe, and back to the warehouse before going into Inspection in 1952. Presently his job title is Special Assignment Group Leader.

During World War II VERN had an interesting career for 3-1/2 years in the Signal Corps. He was a high speed radio transmitter and during the early part of the war worked with the Navy on the east coast in anti-submarine warfare. He was in the room when the original message "Sighted sub-sank same" came in by radio from one of the aircraft involved. VERN later was sent to China with the 1st B-29 squadron under Gen. Curtis LeMay where the 1st Air Strike against Japan was made. Later VERN was sent to the Mariana Islands on Tinian where the 1st Atomic bomb left for Hiroshima. VERN was discharged as a Tech. Sergeant.

The SCHNELL'S, VERN & LUCILLE, have been married 29 years and have a fine family of six children and 5 grandchildren. Faye Anne St. Pierre 29, is married to a C.P.A. who has his own business in Hammond, Ind. Raymond 26, is married and works here in the Tool Room, Michael 25 is living at home and daughter Kathy Storer 22 is married and working at KKK Ind. Supply, Carl 16 is a senior at Eastridge along with daughter Lynne 15 who is a junior.

This Old Timer likes to camp and fish and is active in the South Wilmington Sportsman's Club. He has been Financial Secretary of Local 1212 for 15 years and in the past has been day work co-chairman and treasurer of the local. VERN has been active in the Kankakee Racing Pigeon Club since 1946.
