COUNTY BICENTENNIAL FESTIVAL

Project Engineer BOB BELL is not only a busy man here at the plant, but is also very active away from here. BOB is very active in the local Jaycees having been director of community service and is current treasurer. But his big project at the moment is the three day Kankakee County Bicentennial Festival. He is the chairman of this event, details of which are as follows:

Three full days of entertainment and activities are scheduled for July 3, 4 and 5th at the Kankakee County Fairgrounds. Events include patriotic exhibits, historical displays, an antique farm machinery parade, sunrise religious services, amateur and professional entertainment, a gigantic flea market, carnival and huge fireworks displays all three nights.

Highlights of the entertainment will be the Bill Anderson Show, the "Po Boys", the Edwardians, Bill Baily's Banjo Band, Paul and Brenda Lasonde, the Crazyhorse Quartet, Kankakee's Municipal Band and the Kankakee Valley Theatre Group who will present "An American Review".

July 3rd will be Kids Day and July 5th Senior Citizen's Day when all Senior Citizens will be admitted for half price.

The Sunrise service on Sunday July 4th will be sponsored by Kankakee's Interfaith Clergy group featuring guest speaker Ex-Congressman Leslie Arends.

It will be remembered that on previous 4ths, the Jaycees sponsored a one day fireworks display at Cobb Park. This years displays that will conclude each night's entertainment will cost over four times the amount spent on previous displays.

Exact times for all special event and entertainment will be published later in the local newspaper.

Daily admission will be \$1.50 for adults and \$.50 for children under twelve. BOB BELL stresses the fact that the one admission entitles the person to all special stand entertainment and shows.

OLD TIMER OF THE WEEK

This week's honored employee HAROLD SIEFERT will have completed thirty-two years of service next month as he started his Bradley career on July 18, 1944. At the time he was only seventeen but had already worked briefly as a brakeman on the I.C. Railroad. All of his years have been spent in the Blacksmith area and he has worked practically every job in Dept. 15A. For many years he was the Kolene Operator in the "Salt Mine", but, since the retirement of Lawrence Dionne in 1973, he has been running the hydraulic press in 15A.

During World War II HAROLD spent almost two years in the army. He was trained as a combat infantryman, but then President Truman authorized dropping the bomb, and he spent a year as a part of the occupation force in Japan. He was stationed near Tokyo as a member of the 736th Heavy Engineers. By discharge time he had attained the rank of T4.

HAROLD met his wife GLENDORIS when she was an office employee here and they have been married almost twenty-seven years and have six children and five grandchildren. The SIEFERTS have four married daughters all living in the area. SHARON WOODWORTH is a housewife, SUSAN LONG works for the telephone company, ANN FORD is employed by Kentucky Colonel and DEBORAH TRAUTMAN cooks at the Fountainblu Nursing Home. Son HAROLD JR. is a sophomore at Eastern Illinois U. where he is majoring in P.E. and starring as a distance runner on the track team. Son RICK is a sophomore at B.B. High School where he is an outstanding bowler.

This fine OLD TIMER is a stamp collector, likes to cook (from scratch) and bowl. He likes all sports but, because of his sons, is most partial to track and bowling. Always active in union affairs he has been a trustee, recording secretary and, for the past eleven years has been Financial Secretary and Treasurer of Local 1184. As a former secretary of the Roper Bowling League he wrote an excellent bowling column for this newspaper and years ago wrote for the old Pioneer Plowman.
