## RETIREE

He hasn't worked since March 15th at which time he was hospitalized but CLARENCE BUCK has finally been approved for total and permanent disability retroactive to August 1st. CLARENCE is only fifty five years of age but has been employed for 35 - 1/2 years with practically all of it in the Machine Shop. His buddies in the Machine Shop gave him a retirement party three weeks ago and presented him with gifts.

CLARENCE's plans call for taking it easy and hopefully feeling better. We wish him luck.

## FLU VACCINE

It is now definite and official. Free Flu Vaccine shots will be offered to all active employees on Wednesday, September 22nd from 1:00 to 4:00 P.M. in the Dept. 35 Canteen Area. This is completely voluntary. No employee must take the shots unless he or she wishes them. Let us repeat that this vaccine is the same as that given here for the past several years and is designed to combat the Hongkong strain of influenza. It has nothing to do with the government's Swine Flu Program.

As a word of caution employees who are allergic to eggs, chicken feathers or chicken, have a cold or any other infection, have a history of cirrhosis of the liver or any chronic liver ailment, are advised not to receive the vaccine.

**WANTED TO BUY:** Used Pick Up Truck. Fair to good condition. Make not important. Call 933-6506 after 5 P.M.

## OLD TIMER OF THE WEEK

This weeks honored employee is HAROLD MARTELL, better known as "Peanut" who started his Bradley career on March 17, 1944 in the office. In October of 1946 he transferred to the plant payroll working in the Steel Yard. Then followed a succession of assignments in the Paint Shop, Assembly, Lab, Inspection and Welding. For the last fifteen years he has been on the Paint Line where his current job is Operator.

PEANUT entered the Navy in 1945 and spent three years as an Electrician's Mate with half of his service spent on a Destroyer Escort in the Pacific. When the Korean Conflict broke out he was recalled for another eighteen months, most of this time being spent in the Mediterranean.

HAROLD and his wife NORMA have been married twenty-seven years and have four children and one grandchild. Oldest son TERRY is a Dental Equipment Installer and lives in Chicago. MIKE is the chef at the Elks Country Club. PATRICK, thirteen, is a seventh grader at Bradley Central School and does quite well considering he has been physically disabled since suffering a brain tumor when he was only three. Daughter MELANIE is a third grader at Bradley West.

This steady OLD TIMER is a second generation Bradley employee as his dad RAYMOND preceded him here and in fact, took a disability retirement shortly after his son started. He has been Steward of D/34 since the department began and, for the last two years has been a trustee of Local 1212. He has just finished three years of Cub Scout leadership activities. The MARTELL's are camping and travel enthusiasts and take to the road whenever the opportunity presents itself.

We extend sympathy to the family of Retiree, ROLAND JOUBERT, who passed away September 10, especially to sons MEDRICK D/91 and RONALD D/35.

Also to the family of Retiree, HAROLD JACKSON who died September 13th.

Sympathy is also extended to KENNETH DUCAT D/66 on the death of his mother.

And to FRANCIS CAISE, D/35 on the death of his brother.

## BOWLING

The Roper Outdoor Products bowling league opened its 1976-77 season Monday night with the proverbial bar with all except three of the fifty bowlers showing up. While the bowlers were not yet in what could be called midseason, from the following came highly creditable games and series: TERRY DUPUIS 245-586, HAROLD SIEFERT 233, JIM BOUDREAU 211-519, ROGER VOIGHT 210-535, TERRY ARSENEAU 202-518, STAN BUTLER 202, BOB HARRIS 540, GEORGE FISHER 539 and DANNY LAFOND 515.

The 5-7 split was picked up by BOB HARRIS and VIC KONIK. DOUG DANKEL converted the 4-5, while the 5-10 was converted twice by GEORGE FISHER and once by TONY STANISZESKI.
