## RETIREE

HENRY PIGGUSH has decided to retire after thirty-five years service. He came to work at Bradley on October 14, 1941, after a short career in farming. During his entire career here, he has worked in Assembly, except for a short period on the Shell Line and Continental Motors Division.

During World War II HENRY spent two years in the Army Quartermaster Corps., stationed in the Eastern United States.

In August 1941, HENRY married YVONNIE RIVARD (Thirty-five years ago) and they have six children and three grandchildren.

Son JAMES who has a PHD Degree in Philosophy is in his last year of Law School at the University of Buffalo; his wife is also a lawyer.

RICHARD has graduated from the Southern Illinois University with a Degree in Industrial Design and is currently working in his career field in the Kankakee Area. JOYCE holds a Masters Degree in Education and is currently an elementary education teacher in Champaign. LENORA is a housewife. GLORIA graduated from Western Illinois and is currently a third grade teacher in the Bradley Grade School system. DALE is a Journeyman Carpenter.

HENRY'S wife spent seventeen years as a teacher and although she decided to retire a few years ago, she instilled the importance of a teaching career in her daughters.

This fine OLD TIMER is looking forward to retirement and hopes to do some traveling, fishing and woodworking. He has put in his garden for the year and enjoys working in it. Although his last article says that he would not plant anything he would not eat, he has planted flowers this year.

## OLD TIMER OF THE WEEK

This week's honored employee RON HIRT was a few days out of high school when he started work at Bradley on June 4, 1952. As a result this has been his only full-time place of employment although he did spend one summer vacation working at Florence Stove Co. His first assignment here was in Stores for Tony Staniszeski, followed by the Shell Line, back to Stores and, then in '54, he went to Furniture where he remained until it closed. In 1970 he was on the Chain Saw Line in Assembly. In 1974, RON was transferred to Maintenance as a painter where he remains today.

RON was too young for World War II or Korea but spent two years in the Army from 1955 to 1957. Most of his service time was spent in Kansas in an anti-aircraft artillery unit, but he also served briefly in Colorado and Texas, coming out as a P. F. C.

RON and his wife JANE will be married fourteen years and have a daughter AMY who they adopted when she was three days old. AMY is now nine years old and attends St. Joseph's Elementary.

JANE was an employee here in Shipping when the HIRTS were married and continued until AMY arrived at which time she resigned for five years. She returned to Shipping but is presently working in Accounting.

This fine OLD TIMER loves to fish, bowl and watch baseball and freely admits to being a Cub Fan. Formerly a member of the Plant Safety Committee, he is currently the President of Local 1212. He is also a member of the Citizen's Advisory Committee to the Bradley Bourbonnais High School.
