RETIREE

This retiree will be sadly missed by Personnel as well as the employees associated with her in Outdoor Products. Friday, August 26, was BETTY MARSHALL'S last work day, with her retirement being effective September 1.

Prior to joining Roper BETTY worked 2 years in California and 10 years with Armour & Co. in Chicago.

BETTY began her career here on August 31, 1953 as a typist clerk advancing from Stenographer to Secretary to Mr. Aasland, then the Vice President of Engineering. In 1964, she moved to Personnel as the Secretary to Mr. Stottsberry then the Industrial Relations Manager. BETTY, prior to retirement, worked for Mr. Randall, the VP Employee Relations.

BETTY was married in 1931 and has 3 children. Son Harold, in maintenance with Meier Oil in Ashkum, son Donald is in administration for the IBM Corp., and daughter Patricia Annis is a housewife and lives in Paxton. BETTY is tremendously proud of her 11 grandchildren who range in age from 10 to 22 years old.

BETTY, as most of us know, loves to read, talk, watch baseball, and travel. I do not know what she would do if she were not allowed to visit Florida in the summer-time. When questioned about its' advantages in the winter, she says "no way," I love the crisp, cool Illinois winters too much. BETTY is looking forward to being able to watch all of the "Series" baseball games. She is an avid fan, but with no favorite team.

This sentimental, highly respected retiree is not looking forward to retirement. She loved her job, thought highly of all her bosses, and will miss the many people that she has met through the years at Bradley.

Her plans after retirement? "Play it by ear."

MEN'S GOLF

Golf standings as of August 23, 1977:

SAFETY SHOEMOBILE

The Safety Shoemobile will be here all day Friday, September 2, 1977 from 8:00 a. m. to 5:00 p. m. Shoes may be purchased by payroll deduction.

The company will contribute \$8.00 per pair only if the employee has not already purchased two pairs of shoes this year. The company contribution applies to only two pairs per year.

Employees on lay off may purchase shoes, but must pay cash.

RETIREMENT PROGRAM

All personnel thinking of retirement may attend the course offered through KCC on planning your time after retirement. A notice will be posted in late September or early October on when the next seminar will be held and signups will follow.

OLD TIMER OF THE WEEK

This weeks honored employee is DON HISEL. DON began his employment career here at Bradley on April 2, 1953, on the shell line, but shortly after, transferred to Furniture as an upholsterer. When furniture moved out of Bradley, DON went to Assembly. DON worked on carburetor chambers in Chain Saws until they moved, and is currently Leadman on Line 1.

Immediately after he left school (1947), DON entered the army where he served for 6 years. At one point in time he considered making the service a career. DON was trained as a Paratrooper serving during the Korean War, but got no closer to the war than Japan. When discharged, he held the rank of Corporal.

DON'S first marriage ended in divorce. He, and his present wife, DORIS, have been married 13 years and have a 12 year old daughter, Diana who attends school in Bradley. Son Kevin, 21 year old from a previous marriage, is living in Champaign.

This "Old Timer" was one of four Hisel brothers all employed at Bradley at the same time. Of the four, Delmar, Harold, Bob and DON, only DON remains here.

DON only has one hobby these days and that's Falstaff. He was pleased to get his picture on the front page of the February 8, 1977 issue of the Daily Journal, which was a special manufacturing edition. DON happened to notice the picture hanging in this editor's office.

DON is going on 25 years of service and states that he has enjoyed them.

SUPERVISORY EDUCATION

Registration is beginning for courses offered through the Midwest Industrial Management Association. Several courses are offered relating to manufacturing and supervision. Anyone interested in learning more about the programs offered should talk to their supervisor.

We had fairly good participation last semester and 13 of our employees received certificates of completion.

Terse Verse

Don't be hurt, be not surprised,
 if what you do is criticized.
 There's always one or more who can
 find fault with anything you plan.
 Mistakes are made, we can't deny,
 but only made by those who try!

ROPER LADY GOLFERS

Results as of August 17, 1977 were as follows:

LOW GROSS
