Dedication

Not long hence, a fine, new Bradley High School will be built. Within its spacious walls will hum the wheels of a modern, up-to-date high school.

The new high school will have more fields to conquer than ever before, for there will be many new features and improvements with increasing emphasis on music, speech and drama.

We, the graduating class of 1946, dedicate this annual, from the old to the new.

SENIOR CLASS HISTORY • • •

A battalion of sixty-nine privates marched into the halls of Bradley Bourbonnais Community High School in the fall of 1942.

For our officers we had Herman Falkenhan as lieutenant general, Mary Ann Christensen was colonel, Jean Devaud was major, and Jeanne Reilly was captain. Our commanding officers were Miss Scabert and Mr. Arthur.

To get away from the regular routine of duty we held a class party in the gym. The entire battalion turned out and every one had a good time. By the way that was the only party we had while in service.

We received a promotion to corporal and there were sixty five of us. Our lieutenant general was Herman Falkenhan, colonel was Mary Ann Christensen, major was Charlene Gillespie, and our captain was Jean Devaud. Mr. Starr and Miss Chesko were our commanding officers.

To help raise money for our third year of service, we sponsored a skating party for the entire army. There was a very good turn out and we were grateful to those who participated.

Sergeants we were, and there were now forty-nine left in our battalion. Some of our group have left us and are now serving overseas. That year we had Bonita Earnheart as lieutenant general, Herman Falkenhan as colonel, Diane Duchene as major, and John McAndrews as captain. Our strict commanding officers were Miss Steinbrecher and Mrs. Redlich.

We had a lot of activities this year. Besides the regular routine of duty we worked for our dance. We sold pop, candy, pop corn, peanuts, pencils, and many other articles at the football and basketball games. Many of our fellow friends served on the committies for our dance, which turned out to have been a lot of fun. The banquet and dance was held in the American Legion Home on May 22. 1945.

We have marched into another year of service and there are only twenty-nine of us left in the battalion. We have had twenty leave us for overseas duty. From these we have lieutenant ratings and higher. Our staff of officers are: lieutenant general—Herman Falkenhan, colonel—Jean Devaud, major—Naomi Rice, and our captain is Lucille Hartman. Mr. Walters and Miss Stein brecher are our commanding officers.

Our last year of service turned out to be a very interesting one, besides our routine of duty. We had our pictures taken, ordered our rings, caps and gowns, and worked on the annual. Many from our battalion played on the basketball team and did very good for themselves. They took first place in the regional tournament. On April fifteenth the class went to Normal for the day, and skip day came in May.

After four years of service, we have received the rating of master sergeants and along with that our discharge. We are again civilians on this twenty-ninth day of May in the year of our Lord-1946.

PROPHECY . • •

As the years pass and the year 1950 rolls around one of our former classmates has gotten out the picture album of his Senior Classmates of 1946. Just to see if he could remember them all. As he tries to place each one of them, let's go along with him.

The first picture in the album is of Dolores Spivey, who is now the successful housewife of an ex-Navy man. I hear they reside on a small farm near Bourbonnais. This picture right beside Dolores looks familiar. Of course, it's Norma Bisping. It seems she and Lucille Hartman have co-ownership in a large theatre near the Loop in Chicago. We'll be up to see it sometime girls. Good luck!!!

As we turn the page we come across the photo of Ray Howard. Yes, he is still on the farm and doing a good job of it, we might add. Next to him stands George Pierson. This fellow seems to be an Army officer, and it is rumored about that he still has a certain weakness for red-heads.

Another page is turned and looking squarely at us with that indignant look on his face is—you've guessed it, none other than Harry Wulff. He is one of the bosses at Bradley Factory. (I hear he got his job by his strong ability to argue.) On this page we also find Harold Topliff. He has his own garage now and urges us all to please bring our old fenders to him. He has adopted the slogan of, "Harold the .Fender Bender."

As we turn the next leaf we find Bernard Krizan working busily over his new musical symphony entitled "Pupshun." I see that Bob Devries is also here on this page. He is the manager of the large bowling alley in Bradley. No doubt you have seen him quite often giving the pin-boys a talking to.

The next page confronts us with a snapshot of Mary Ann Christensen and Charlene Gillespie. They completed modeling school recently and were all set for a brilliant career, which turned out to be the model housewife. Mary Ann is now living in Chicago while Charlene remained faithful to dear old Bradley. Remember how much she used to slam the east side, well, that happens to be where she is living now. On this page also, is pictured a very important man in Bradley. He is Mayor Herman Falkenhan. A very efficient one, I'm sure.

Another page is turned and with it brings us a picture of the twins, Homer and Harry Martin. Homer, as you know, was voted No. 1 Box Office Favorite and is now playing opposite Verna Vogeltvitchel in the latest M. G. M. hit, entitled, "The 'Educated Guttersnipe." It is his wavy hair that really puts the picture over. (As a pastime, he resorts to singing.) Harry has not become quite so successful, but because of his ardent love for literature he has taken to writing poetry. (That is, of course, between those trips he is still making to Kankakee.)

By this picture of the twins is one of our old friends Ray King. He now has a filling station of his own. (It seems that lately he has found out that gas will go a lot farther if diluted with water.)

PROPHECY • • •

(Continued)

The next page holds a picture of Audrey Sperry and Theresa Koplinski. Audrey has the management of a big restaurant in Kankakee. She is doing fine, the last we had heard. Theresa is the manager of the new skating rink that has just opened across the street from Audrey's restaurant.

The next page really holds a surprise for all concerned because it shows Clayton Merillat and it has been said that he is now the new principal of the recently built High School on the North Road. Diane Duchene is his efficient and attractive secretary. Another classmate, Jeanne Reilly, is on the Faculty. She is the Commercial teacher and the Girls' Physical Education Instructor (it's possible) and enjoys her work a lot.

Another page is turned and Johnny McAndrew's face is revealed. He, as you probably know, is the proprietor of the nicest little cigar store in Bradley, of course, that does not say what the back room possesses, things such as pool tables, etc. Velma Dean Hasemcyer's picture is also on this enameled piece of paper. She has her own little hatshop in the big town of Bradley. The sign outside her door reads, "Beautiful Bonnets by Babe."

Beside Babe is a picture of Glenn Wright. He and his family have recently moved to Kankakee so he may be closer to his work, as he has recently been promoted to head drug in the druggist business of a large drug store.

Bob Pilchr is on the next page. Bob has clone quite well for himself these past four years and he is living with his family on the best street in town. Naomi Rice is also featured here. Yes, she is now the head waitress at the Country Club, but sometimes participates in the floor show.

Will the turn of another leaf, Danny Searle and Bob Decker are unveiled. Danny has recently signed a contract with "Bright Eyes" Magazine. He features the new "Lash-lite" mascara. Bob is still in Bradley. Recently he was voted the best and leading play-boy in Kankakee county. (He says that he enjoys his work, too.)

The next turn greets us with the cheery smile of Belva Chamness. She, it has been told, is the sole owner of a large factory on the outskirts of Bradley. What she manufactures, they say, is a secret.

Jean Devaud is also on this page. He is the Art Instructor at the New High School. His pupils just adore him, I've been told. Cora Evens who quit school, is now engaged in the chain of several of her own drugstores. Charles Ryan is now a Major in the Marine Air Force and really looks nifty in that uniform.

Well, the final page of our album is turned and last but not least we find our old friend Jimmy Lake. Jimmy owns and has charge of a shop for Men's Wear located at 10938 Sunnyside Boulevard, in dear old Bradley, Illinois.

This ends our reminiscing of our Senior Classmates of 1946. We are all glad to see, I am sure, that they have become so successful in this cold and cruel world since we last left them four long years ago. We have always had confidence in them and can now say, "I told you so."

THESE ADORABLE SENIORS •

The first picture confronts us with a little baby in a high chair out in the snow. We wonder who it is? ??? The right answer in Naomi Rice.—Next to Naomi is a little girl who hasn't changed one bit, you are right again, "Babe" Hasemeyer.— The third picture on the page is taken by the back door of this girl's house on the east side. Naturally, it is Diane Duchene.—Below Babe in the crouched position, ready for football is Bob Decker. Even then he has visions of a great football player, incidentally, he still has.—The shy little girl under Naomi's picture is the renowned daughter of one of our hard working men around school, that's right, it is none other than Belva Chamness.—The baby on the wicker chair all dressed up and displaying a great big smile for the benefit of the photographer is Jeanne Reilly. Wasn't she cute then ???—Now under the picture of Belva is one of our typical farmers in his youth. He is now a city slicker and looks very much the same. If you gave the answer as Bob Pilcher, you were absolutely correct.—The next group of three small pictures contains some of our best glamour boys and girls. Right beneath Belva is Bernard Krizan. His little hat and coat sure are cute.—Below Bernard is a little girl standing up with the aid of some one else who we cannot see on this picture. I think she is having some trouble with her _____ well, we will see if you are sharp enough to get it. She is none other than Charlene Gillespie.—By her is a handsome little hunk of man who is now well known and liked by all. He has shown traits and abilities of leadership. Right again, he is Herman Falkenhan.—The little clown on the box of Good Luck Margarine is still in his natural character. You can always expect a hearty laugh out of him when you pop one of those corny jokes. This is Jean Devaud.—This boy was playing with a teddy bear at this time, but he is also known for his monkey "Alice" who was posted out on the roof and signs of his father's gas station. See now you made me give it away, Ray King is the one.—My, isn't the next one a cute sailor. He has not changed too much so that you can not recognize him by this old picture. Buddy Wulff is the one I am talking about.

SENIOR CLASS HISTORY ...

(Continued)

As far as future plans go, some intend to re-enlist for several more years of college, some intend to go overseas, a few will try their talents in the community and a few others will take their place in society.

After the great sigh of relief at becoming a civilian, we realize there is a great responsibility ahead of us and we have a great part to play in the new post-war world. We hope that in these four years of service, the knowledge that we so unwillingly absorbed, the discipline we so rebelliously received, have helped to fit us in order to take our share of the burdens. Some day we will look back on these four years of service and find that they were the happiest and most care-free we have had for a long time. Lucky people who have appreciated us!!

SENIOR CLASS WILL • • •

"Ninth Annual Music Festival Held In Momence This Year"

The ninth annual Kankakee Valley Conference music festival was held in Momence on Friday, March 22, 1946, at the Momence High School Auditorium with Clarence W. Sawhill as guest director of the band and choruses. He is the assistant professor of music and assistant director of concert and military bands at the University of Illinois, he also has the Men's Glee Club under his direction. The schools participating were Bradley, Chebanse, St. Patrick of Kankakee, Grant Park, St. Anne, Reddick, Manteno, Momence, and Herscher. All in all, there was about 490 students who participated in the program. The program began promptly at 7:30 and first on the program was the boys' chorus singing, "Put On Your Old Gray Bonnet", the Negro Spiritual, "Steal Away", "Roger Young", and the song of "Stouthearted Men". All these songs were welcomed by the audience with great enthusiasm and liked by all. The girls' chorus was next and sang the following numbers: "Now the Day Is Over", "Homing", "Open Our Eyes", and the "Italian Street Song". On the last song Miss Elaine Martin of Bradley sang the solo part in the chorus. "All in the April Evening", "God So Loved the World", and the patriotic "Your Land and My Land", and the song "As Torrents in Summer", were presented by the mixed chorus of boys and girls totaling about 450. The selections played by the band were: "Crosley March", "Student Prince Overture", "A Little Vodka—Russian Mixup", by Shumaker, and Sousa's enjoyable "Manhattan Beach-March", and different phases from Strauss, "Waltz King". Those who attended from Bradley were: Shirley Book, Betty Bock, Mary Ann Christensen, Dolores Falkenhan, Doris Gifford, Charlene Gillespie, Jean Gussman, Myrna Herrin, Pat Jones, Peggy Kennedy, Bonnie Kirchner, Shirley McCleary, Ray McGinnis, Rosemary Maneno, Jean Martell, Elaine Martin, Mary Lou Meents, Louis Rapp, Jeanne Reilly, Betty Rittmanic, Freda Schultz, Marie Striegel, Bernard Tanner, Doris Van Horn, Floyd Windal, Glenn Ziegler and Billy Ziegler. The music director of the Bradley band and Glee Club was Mrs. Carl Hughes.

On May 26 the Glee Club sang the following songs at the Baccalaureate Services: "Holy, Lord God", by Noble Cain and "I Heard A Forest Praying", by the renowned Peter DeRose. These songs were beautifully done by the group of girls under the direction of Mrs. Carl Hughes. The night finally came when the Seniors say good bye to the many happy days which they will leave behind and go out to shift for themselves in the world. At this time, the Glee Club sang "The Green Cathedral", by Carl Hahn and "I Pledge Allegiance To The Flag", by Myrtle M. Bridges with the trumpet obligato being played by a junior, Billy Ziegler. The ceremony held at this time was very breathtaking and something that you only see once a year. The seniors were serious for the first time in their lives and you could tell that they all hated to leave the school which they went to for so long. All in all, the Glee Club has spent many long hours in the preparation for these two nights and have done an excellent job of it too.

SENIOR CLASS PLAY • • •

The farce-comedy "A-Ready Made Family", by Jay Tobias, was presented by a cast of Seniors on December 10th. Proceeds from the play were used for the annual senior gift to the school. The cast included Naomi Rice as Alice Martyn. Ray King as Henry Turner, Jeanne Reilly as the colored maid-Begonia, Bernard Krizan as the colored handy-man-Nicodemus, Mary Ann Christensen as Aunt Lydia, Charlene Gillespie as the daughter of Mr. Turner-Doris, Billy Ziegler as the son of Mr. Turner-Sammy, and the children of Mrs. Martyn were Velma Dean Hasemeyer as Marilee, Belva Chamness as little Gracie, and Darel Hale as Bob. The things that these children didn't do to try and split up their respective parents from entering into marriage. They had fits, used baby-talk, used the art of stealing as a habit and many other funny things that kept the crowd laughing all the time. The Senior Sponsors, Miss Emily Steinbrecher was in charge of business arrangements and Miss Stelter directed the production. Bob Pilcher and Harold Topliff were the stage managers. A matinee performance was presented for children of the grade school on December 9th.

DRAMATIC CLUB •

The Dramatic Club has had an excellent representation at its meeting each month with an average of from 40-50 members present. During the first semester Shirley Book served as Chairman and Naomi Rice as Secretary while Iola Lehnig and Dorothy Normandin occupied these offices during the course of the second semester. At each business meeting a short program of entertainment was provided by some of the members. Dramatic Club pins were secured by 33 members in Pehroary from the Metal Arts Company. The Thespians also secured these pins.

OUR SCHOOL OF FUTURE • • •

The people of our little metropolis, as well as the students of the high school have waited a long time for the starting of the construction of our new high school. Our principal, Mr. Honn, has no definite idea just when the work will start on the new building, although, the football and track layouts have been well on their way to realization. The main delay has been in the shortage and trouble of obtaining vital materials needed for the construction. During this time of anxious waiting, blue prints have been made up and have undergone some changes that will, no doubt, make the new school even more modern and artistic. So maybe all this lapse of time has not been wasted.

The new high school will be a big improvement over our present one. It will be modern in design, compact and efficient, and with the capacity of 350. The building, itself, will measure about 65 x 120 feet. Instead of the present system of the study hall there will be a Library-Study Hall and personal equipment will be kept in individual lockers which will be placed on both sides of the main corridors on the first and second floors. The new school will also be organized into departments.. A new attraction for our many Flickerville friends will be the new Agricultural Department. The Science, Manual Training and Agricultural rooms will be located in the basement while the Home Ec. Department will have its own compact rooms near the main entrance. There will be many other classrooms in which there will be held the English, Math, and Social Studies.

Although the new building will be only a little larger than the present one it will be arranged so that the need of a larger building would be unnecessary and an added cost of money to our parents. No doubt, you will all be happy when the men start to work on the foundation of our new school.

The gym will be another remarkable improvement, better than many of the gyms in this area. It will have a combination basketball playing floor, auditorium, and theatre. The basketball floor will be about 84 x 50 feet which will be more than ample room for our future players to take the ball out-of-bounds without stepping on the feet of some poor innocent by-stander. Concrete bleachers with a seating capacity of 2500 will flank the floor with a large stage at one end and a projection booth at the other. The stage is to have a 40-foot opening, 20-feet deep and almost 2 stories high. It will have the dressing rooms on either side of it with much storage space above them. Under the bleachers, stage, etc., will be an efficient system of showers, rest rooms, and row upon row of lockers for boys and girls alike. The gym will be very modern and beautiful like the school building. And will be respected and taken care of better than the present one we now have. It is hoped that lights will be installed around the football field by time for our next season and a fence is to be put around the whole school area. We have been informed that maybe our present Freshman will be fortunate enough to graduate from the new school if everything goes as planned. We all hope that they will not forget the present standards set up by the students of the high school now and those ahead of us in the past years. Always remember them and our school will keep its place in the upper bracket on good sportsmanship, ability to play hard and to win in sports and any other things that Bradley High is noted for. So come on kids, let's keep up the old tradition of BHS to our new high school.

SPORTS • • •

Let's go back over Bradley's past season of sports. What do we find? In all fields of sport the Boilermakers did their best. They have showed good sportsmanship all year.

This year we had one of the best coaching staffs we've ever had at Bradley. Coach Joe Jepsen, **came** back to spend another successful year as basketball coach. Onarga sent us Coach Jack Walters who built a fine hard tackling and blocking football team. He also built a team that would stick to the rules as well as they. kept up the hard playing to win.

These teams have shown our sportsmen of the future that fair play and hard play will always be rewarded So let boys of Bradley hold the tradition of fair play and good sportsmanship for which Bradley has been so well known !

The students and towns people are all hoping that the teams of next year will try to match or better the record of this year's teams, and that we will see the same coaches backing these teams. We hope that the teams and the people will always show their sportsmanship that has brought Bradley to the top of the list. Students and alumni, let's give these teams the support that they need to win.

- 20—The Dramatic Club had a meeting and the purpose of it was to choose their club pins.
- 21—The Dramatic Club presented a Christmas Play at an assembly in the gym this afternoon. Santa Claus (Mr. Jensen and Mr. Hughes) gave each of the students a Dixie cup and a great big orange. The Bradleyan was given out. It had a unique Christmas cover and lots of Holiday poems. Well, after all this studious work on the part of all the students for the first semester, we all hope we can look upon these last few months and be as well satisfied as we have been in the past months.
- 25—Merry Christmas to you all!! (even the teachers) Hope Santa is as good to you as he was to me.
- 31—Don't forget the county wide party to be held in the Kankakee Armory tonight. SAN A R Y...,
- 1—We are making- those soon-to-be-broken New Years' Resolutions. Happy New Year!!!

- 6—A party of the faculty was given in honor of Mrs. Stewart who is leaving her teaching duties in Bradley. Bradley routed Kankakee in an exciting game at the Armory before an estimated crowd of 1,800 fans. The final score was 48-45. Jimmy Lake was the hero of this game by dumping in a basket in the final and dying minutes of the game. Homer's free throw was the other point. This is the second time this year that Bradley has defeated Kankakee.
- 7—Cold wave is still on and the people who had to wait in line last night, sure felt the cold sting of Old Man Winter in his full fury. Some of us were lucky enough to have season passes.
- 8--Tonight Bradley played Coal City and defeated them again on the home floor.
- 11—The "alarming" pictures are being taken for the annual. We tried to look our best but we dread to open up the annual.
- 12—Thanks to Lincoln we have no school today. We should all try to meditate at least for a minute to day on the great statesman and emancipator of the slaves.
- 13—Back to school again and everything is in the air of Valentines.
- 14—Today is Valentine's Day. Jeanne Reilly had her 18th birthday party tonight and had a nice group of girls there for the evening.
- 15—Tonight is the Watseka game. Don't miss it because it is supposed to be a little on the close side. It is quite icy out so maybe you had better be a bit careful tonight.
- 18—The seniors were given the good news in their class meeting that their pictures would be taken today and tomorrow. Look at the Birdie!
- 19—Pictures were also taken today.
- 20—The rest of the seniors who were absent had theirs today.

- 22—Again thanks, but to George this time. We get today off and Monday because of Teacher's Institute. Don't forget the St. Pats game tomorrow night.
- 23—St. Pats dumped us by a score of 50-30. This is our third loss of the season. Everybody is now waiting for the Regional Tournament.

- 26—Tonight the Regional Tournament opens at the Kankakee Armory but we do not play until tomorrow night.
- 27—Bradley defeated St. Pats by a score of 49-41 to play in the semi-finals tomorrow night.
- 28—Since Sheldon beat St. Anne we had to play them tonight and won in the last minutes by a score of 37-35. Kankakee also defeated Momence by a two-point margin, 31-29, so that means that Friday night, we will play Kankakee. And this game will tell the tale as to who will go over to Joliet. Will it be Bradley or Kankakee ?? ??
- 29—Gosh! I forget this isn't leap year! ! Excuse me.

MARCH

- 1—Finals of the Kankakee Regional Tournament were played between Bradley and Kankakee. Doors opened at 5:31 and by 6:34 there wasn't a seat to be found in the Armory. Shirley Book has acquired a new name of "Champ". Tense time passed and finally the game began. Time passes and we find Bradley has taken over the lead ever since the second quarter in which it made a big margin and kept the Kays from overpowering them. As the gun sounded, ending the game, we were victorious with the score reading 39-28. The crowd went wild and Capt. Harry received the trophy. **We are the Regional Champs ! !**
- 2—Even though today is Saturday, the Bradley fans are still cheering their team's line victory over Kankakee.
- 4—After spending a beautiful weekend out-of-doors and soaking up much of the spring fever feeling, but we are bound by law to return to our hooks.
- 5—Gosh! For awhile I was beginning to think that our spring weather was here to stay but with the cold rain and still going strong, I am beginning to change my mind. All the talk around school is either on the subject of the Sectional or of the report cards which come out Wednesday. Woe is me. More F's.
- 6—Smiles and frowns as Report Cards are handed out. Almost one forth of the students at Bradley rate the Honor Roll.
"Are you Going to Joliet?" is today's much asked question. Everyone is keyed up over the Sectional at Joliet tomorrow.
- 7—After a valiant game Bradley bowed to Newark 38 to 33. There were a lot of Bradley fans there but not enough to cheer the team on. It was just an off night for us.
- 8—An 8-page Bradleyan was issued today. The Key Hole "is getting to be a uicy' column."
- 11—The Home Ec Club had a successful skating party tonight, despite the many falls.
- 12—Many Bradley mobs went out to clear up the football field. What a holiday.
- 13—The Thespian members and the Dramatic Club are wearing their new pins very nice.
- 15—Everybody is talking about Mr. Bergquist's "egg ties."
- 18—Ho-hum: Spring fever's got me.
- 19—Tony Maisonneuve is down on his back after being hit by a car. He musn't read the safety posters. Jim Lake has a sprained ankle and is staying home. The class tournament ended today with a victory for the seniors. The junior class was second.
- 20—The very active Dramatic Club had a meeting with entertainment today.
- 22—The Bradleyan was handed out again, it has never missed a dead-line. The Seniors are still being interviewed. Some Bradleyans were fortunate enough

- 24—This is it. Exams today. What a strain on our delicate minds.
- 25—A day of rest. Saturday at last.
- 26—The Baccalaureate Service was held in the Gym this Sunday evening.
- 27—The annual school's end feature—the Prom—was held at the K of C ball room. A delicious banquet was enjoyed in the Gold Room of the Kankakee Hotel. The Seniors are glad that the Juniors could raise so much money. What a treat!
- 29—The Senior Class graduated this evening. The school year is over. For the Seniors it means that they have reaped the fruits of 12 years of work. Many of them have been at Bradley for all 12 years and it is hard to pull away. For the Juniors it means that they will be treated next year and the advantages of being Seniors will be theirs. The Sophomores can look ahead to an active, eventful year. The Freshmen need not be called Freshmen anymore and will be one more step toward their goal. But for the Seniors it means that they must face the world, that they are on their own.
- Good Luck Seniors!
