

BRADLEYAN

Sharon -

Well, after twelve years of "getting to know you" I have decided that you are my best friend and probably always will be. Remember all the crazy times we've had and don't ever forget all our serious talks. I can't imagine what a mess we'd be like without the "Big Four" - we've got a wonderful personality so if we ever do get separated I won't have to worry about you not being able to get along. I am really looking forward to working with you this summer and trying to talk you into going to school with me in the fall. Showing the sharing is my happiness and gladness through these years.

ANNUAL STAFF

The Annual Staff, composed of three working divisions, successfully organized the "Bradleyan" of 1954.

Sandra Johnson, as art editor, with a group of able assistants worked out the display of pictures. Miss Crain was faculty advisor for the art work.

Mae Marsh, literary editor, directed the write-ups under the supervision of Miss Stelter, literary sponsor. With the help of a number of literary assistants, they combined their write-ups with the pictures submitted by the art staff.

Last, but not least, were the business managers, Dick Smith and Robert Davis, who worked under the faculty supervision of Mr. Skalsky. A good working staff of ad salesmen co-operated in the very important task of selling advertising.

To depict in pictures and story the big moments of this school year of 1953-1954 is a challenge. We hope that we have captured some of the spirit of those days. A spirit which started during registration week, continued on through the fury of Homecoming, rose to a crescendo during basketball season, the prom, and spring activities and continued through the solemnities of Commencement. Without this spirit . . . there is no school.

You're typical teens - - making fun out of work - - sharing interests - - you like jeans but can change to glamour when it fits the occasion.

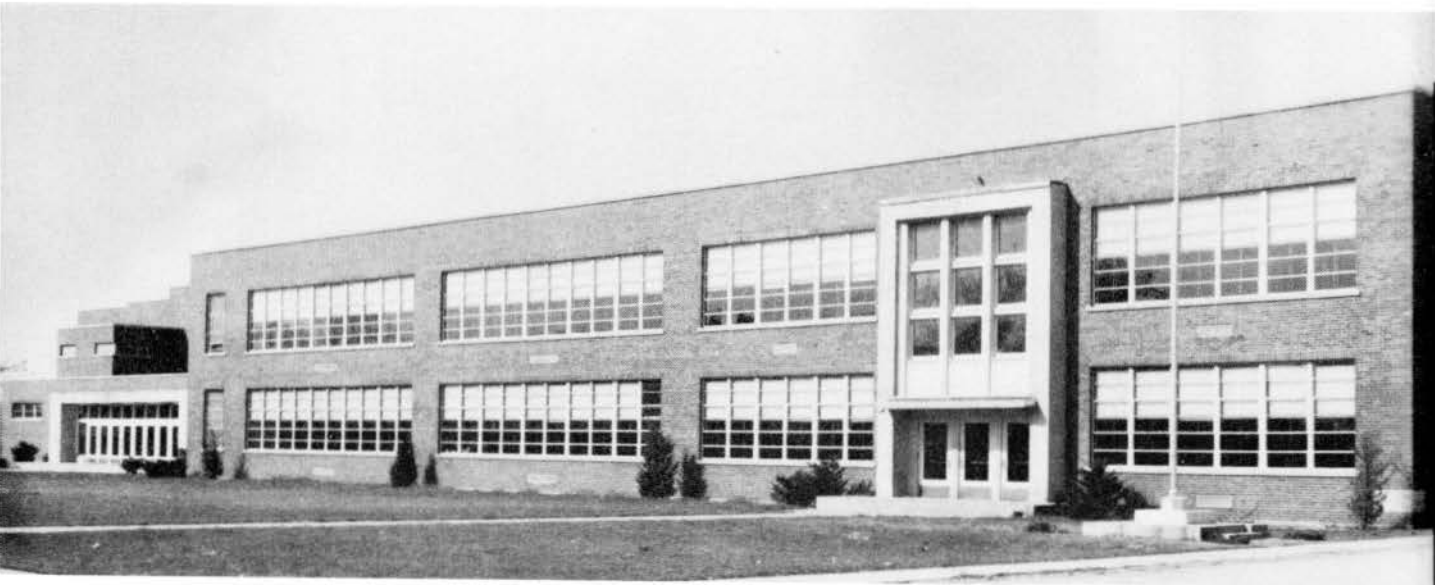

Yes, you're typical teens - - Go steady - - about five months - - Dress up - - heels for her - - tie for him - - You know how to drive - - rely on the family bus - - get it - - say twice a week. You snack, watch television, listen to the radio while doing home work.

You're a typical high school student - - You go out for sports one hundred per cent - - You hold down a job - - baby sit - - sometimes into the early hours of morning - - You work in stores - - garages - - you're up late - - little spare time.

Your daily schedule is a familiar pattern of high school life - - get up at 7:00 - - sometimes oversleep - - ride the bus - - now and then you order a real feed - - You enjoy school but hate to admit it - - study some - - a couple of hours (a night) - - no a week. - - average "C plus" - - well, "C" - - Anyway you make the grade - - just - - but you're satisfied because you are a teen ager.

And so since you have all these qualities be they good or bad, ludicrous, pathetic, or otherwise, we "DEDICATE THIS 1954 BRADLEYAN TO YOU, THE STUDENTS OF BRADLEY HIGH SCHOOL."

PRINCIPAL'S MESSAGE

You are fortunate to receive this part of your training at a time when a look toward the future shows a brighter horizon than has appeared to any of the classes which have gone before you for a period of many years. There is yet unrest in the world, but we seem to be passing out of long periods of war, depressions, and international political misunderstandings into an era when more countries are attempting to work together to solve the social, economic and political problems of the world.

Our hope is that through your associations with each other in your own school, with your teachers, and with other friends and neighbors, you may have grown in the accumulation and understanding of knowledge in the social graces, in the ability to get along with others, and in the desire to do something worthwhile. It is our hope also that in the future you may be able to look back upon this year as one of the brightest and happiest of your life. We hope that you may carry this attitude of mind with you as you approach the future. It will help you to lessen the problems that you will meet and help you in satisfactorily solving them.

PROPHECY

This is a story, and I use the word loosely, of a high school senior who was given the job of writing what the fate of his classmates would be in ten years. In preparation for this assignment, he examines other prophecies and discovers the disappointing fact that only about fourteen per-cent of the predictions come true. So we find our hero one night lying on his bed. He is in profound thought, searching for a way to improve this pitiable percentage. A sudden inspiration causes him to rise up suddenly, and he hits his head on the bed post. Hundreds of beautiful stars appear before his eyes. One of the stars which outshines the others grows in size and suddenly becomes a vision. Other visions flick by like moving pictures. Then he realizes that he is seeing future events . . . a preview of 1964.

First to appear in his vision is Ken Parr. He is baldheaded . . . from trying to figure out a way to graduate without working in United States History class. We see him walking up the steps of what looks like a huge library. But it is not. It is the home of his learned friend, Gordon Dawes, a professor at Wycant U. (Pardon me, Dr. Gordon Dawes, Jr.). Ken is seeking help with his History problem. After several hours of wracking his brain, (he wracked his brain on a custom-made brain rack devised by Dr. Bill Stuck, neurologist), Ken decided to go out to get some refreshments. He hailed an atomic taxi driven by Joel "Daredevil" Gereaux. Joel really gets around and he tells Ken many interesting facts. He tells about the famous Naval explorer, Eldon Brickle, who has discovered the West Pole . . . about Don Metschuleit, master butcher, who has invented a new cut of meat called "cubed hoofsteak." His best customer, Carol Swinford, used it in teething all of her seven children. Don gets all his cattle from the Herb Pallisard cattle ranch in Antarctica, called the 7-tB (seventy below). Herb feeds his cattle with concentrated hay pills invented by chemist, Don Bourassa. Don also discovered a

new wonder drug, Pencil Killin, which relieves imaginary sickness symptoms of office workers. This drug was met with great enthusiasm by employers like Joy Thompson who is vice president of General Motors. She is known all over the world for her skill in driving. After absorbing all this information, Ken asked to be taken to the famous 10c horseburger room owned by Betty Caraker. While sitting in a booth there, he overhears a conversation about insurance. Jack Beaupre and Wylie Nowman are talking about selling spoilage insurance on dehydrated bananas being shipped to displaced South Sea Islanders. Sitting next to Wylie is Jackie Gulczynski who is vainly trying to convince him that it is a poor risk!

Here in this night club we see a top-flight entertainer, Darel Larkins, crooning to a group of booby-soxers, pardon me, bobby-soxers, while Judy looks on with a stern eye from an advantageous position. Accompanying Darel is Don Lawrence and his orchestra, the "Spoiled Albanians." Don also teaches music at a high school. He and Glenn Sparks are composing such ditties as "Etude-in-H-Minor," or "Don't Let the Smog Get in Your Ears."

Now the scene changes from Ken to Secretary Sharon Lenfert who is being pursued by big executive, Ken Pangle. Ken is director of a big foundation . . . the base of the Empire State Building. Now we see Sandra Johnson. What? She's married to Robert Davis. Bob is research engineer finding new designs for a soda straw manufacturer. Bob and Sandra are being visited by Side Admiral, Dick Smith, who was one of the big factors in frightening Russia into surrender. Another war hero is Don LeBran who helped our cause by marrying Molenkov's daughter, Molen-collar.

The scene changes quickly revealing glimpses of our class lightweight, James Allison, who is the world's lightweight wrestling champion after defeating Lawrence Landry in a fifteen hour

match. There are several happily married homemakers, Pat Klafta, Betty McCarty, Imogene Timm, Myrna LeCocq, and Theresa Kyrouac. Jeannine Lambert is teaching Home Economics at Harvard and Joyce DeMent instructs Algebra classes at Massachusetts Institute of Technology. Bob Helgeson has distinguished himself as a grocery store owner. He is cornering the market on catsup by buying all the tomatoes raised by Margaret LaGessee, who is also a psychologist. Larry Duchene is a ballet teacher in Paris. He is developing a head Pirouette. His wife, the former Betty Burch, likes France but is extremely homesick for food from the Normandy. Carol McClain is giving a piano recital at Carnegie Hall. John Grimes is making a million racing his thoroughbreds all over the country. His latest winner is Seabun. Chris Hebert has a job as an acrobat on Super-Circus. He sells peanuts between acts. Janice Karr is a discjockey on the 2:30 A.M. program, "Show Me the Way to Go Home." Her best fan is Wayne Dressler who works the night shift for the KaKe-A-Ton Face Powder Company owned by Rita Jester.

Marie LaMontagne is the first woman mayor of Bradley but is resigning the post to run for the Senatorial position left open by Sharon Gardner. Sharon was impeached for granting foreign aid to a Senator who was wooing her. Phyllis Lavendar is well established as a fashion expert. Her arch-rival is Shirley Chamness, a model, who insists on wearing levis in spite of fashion trends. Herb Marlaire is a test pilot for V-2 rockets and other supersonic aircraft. Chuck Nolte has just set a land speed-record of 410 M.P.H. in a souped-up Studebaker powered by Seagrams. Reita Mowers is doing Carmen at the Metropolitan. Pat Newberg is an evangelist keeping right up with Billy Graham. Joan Brown is teaching the Globetrotters how to pass and dribble. Shirley Fennell is driving a stock-car in addition to raising a family.

Roland Stevens is trying to plant cocconut trees on the Altorf picnic grounds. Biggest trouble is heating the park in winter. Ray Boggs is giving an art exhibition in a Chicago gallery. His latest painting is "Whistler's Great-Great Grandcousin Twice-Removed." (Incidentally, the painting is also being removed.)

Don Trudeau is directing movies in Hollywood. One of his big hit releases is "Drool in the Sun." His biggest star is Marilyn Harrison who won an Oscar somebody or other.

And now a hazy building appears. It is St. Mary's Hospital. On the surgery floor we see Ken Cannon who was injured when the house he was building fell in on him. It seems that Ken was reading a novel at work and forgot that the walls were necessary. He had just come out of the anesthetic after a two-hour miracle operation performed by Dr. Bernard Martin, brain specialist. Ken awoke and was amazed to see Jan McFarland standing on the ceiling. It seems that Dr. Martin got the brain in upside down during the long operation. Ken and Janice are still happily married and were renewing their friendship with Willa Stevens who was attending Ken as nurse.

Bill Chamness now owns a filling station. He sells only the Triple A Premium Myrtle gasoline. Stopping at his station is Joan Gustin, driving a touring bus across the United States. In this way she has fulfilled her ambition to travel and has a job at the same time. On the bus is Mae Marsh who is going to the West Coast to see Dick Smith who is leaving soon on a naval cruise.

Eleanor Mills is teaching kindergarten at Bradley High School to the freshmen who failed their I.Q. tests. Bub Dennison is operating a gymnasium for women. A couple of his steady customers are Carol Amiot and Pat Chaplinski. In their jobs of accounting, they can use the advice of Miss Fiene, "Relax the brain and use the muscles."

Shirley Vaughan is doing missionary work in deepest Africa. Her hardest task is showing the Ubangis how to apply lipstick. While in South Africa, Shirley met Jim Altmeyer who was mining for gems. He had promised his girl the biggest diamond he could "find."

Mary Ann Boggs is doing some fine writing. She wrote a book called "Life of the Party in Two Lessons." The book is also listed as "Essentials of Fan Dancing." Ruth Warren, it seems, never left high school. She stayed on as Mr. Canham's chief typist when he was given the position of "Director of Chemistry and Practical Mathematics."

Mary Buser is a reporter for the Bradley Monthly Street, Avenue, and Highway Repairs Bulletin. This is one of the highest paid journalistic jobs south of Carbon Hill. Erna Bressner, since she had no desire to work, acquired the highly prized job of filling the ink pens in the Bradley Municipal Building. Jean Charles has gone in for more serious work. She is translating the "Illiad and the Odyssey" for underprivileged Afghanistanians.

We see Barbara Raymond coming home after a hard grind at the coffee shop. Her dog, Rexall,

brings her the paper and her slippers and begins to set the table. Rexall was trained by the marvelous animal trainer, Tom Messier. Her easy chair is of wrought iron with a chrome head-rest and is the product of "Comfort, Inc.," which is directed by Clairann Friedewald. As she reads her newspaper, she finds that Adelia Farley and Jeanine Prince have opened a new stand in their chain of "Hasty Freeze and Crude Beer" establishments. Jeanne Benoit is to give a talk to the Cheery Neighbors Society tonight. Her topic will be "From Pyramids to Boxes," or "Embalming Through the Ages." Mary Ann Riley and Louise Munroe have started in the hair dressing profession. Their motto is "If our methods fail, full replacement is guaranteed." Sharon Hess, Charleston instructor for Centennials, having enjoyed so much her participation in Kankakee's last Centennial, is looking forward to the next one and has been making great plans for Bradley's own celebration.

Thus ends my prediction, visions, and blow . . .

With apologies to all, I return to Skid Row.

What Does the Future Hold? *Charles Wolven*

Two active senior girls received special award during the year. During the summer of 1953, Joyce DeMent attended Girls' State at MacMurray College at Jacksonville as the representative from the girls of our student body. Girls' State is held annually and its representation is made up of girls selected by the local American Legion Auxiliary. The award is based on citizenship and leadership. Joyce has been active in scholastic and extra-curricular activities since she transferred here from Herscher High School at the end of her Sophomore year.

Janice McFarland was this year's winner of the D.A.R. Good Citizenship Award. Seven Kankakee County girls were so honored and were guests at the annual tea sponsored by the Daughters of the American Revolution held in the Centennial Room at Governor Small Memorial Park on Saturday, February 20. Janice's activities in her four years here have included work on the Student Council, and membership in Dramatic Club, Thespian, French Club, and G.A.A. She served as the latter's representative to G.A.A. camp. She played in the Band throughout her junior and senior high school years and had leading roles in the junior and senior class plays. She was chosen New Year's Eve Queen candidate from our school, winning out as runner-up to the queen in competition at the annual New Year's Eve dance at the Civic Auditorium.

Chris Hebert, in a special assembly, was named the most valuable player during the football season, while John Pechauer was named the most improved player. Trophies were presented to these boys by Rice Realty Company.

Best of luck to these award winners and continued awards in the future!

JACK BEAUPRE
 President

There were parades and speeches early in September to officially inaugurate the commencement of activities of the Student Council. After the last speeches were made and voting was over, the results showed that the senior ticket had an almost overwhelming victory. Jack Beaupre was re-elected president over the junior candidate, John Pechauer; Robert Davis was elected in competition with Robert Januski; Marilyn Topliff, the only junior, was put into the office of secretary by defeating Joyce DeMent; and Don Lawrence won the office of treasurer in contest with junior, Pat Wulff.

The Student Council has several main activities including the promotion of the successful Homecoming and Tip-Off Dance to inaugurate the basketball season; the setting up of the milk sales program at noon, and the extension of the Intramural plan that might be supervised by the home rooms. A Student Court was the chief object of late year planning and plans were also made to promote a campaign for better sportsmanship in Kankakee area athletic events.

The first award is a red and white class numeral. A total of 150 points is necessary for a member to receive the second local award, a letter "B" upon which is "G.A.A."

State awards require 225 and 300 points respectively. The first is a block "I" in blue with white letters "G.A.A." The second is an outline of Illinois in blue and white letters "G.A.A."

Each implies that a girl, besides earning points, has been an active member, has had a heart examination, passed 3 academic subjects, completed the requirements of the sportsmanship code, participated in six practices in one team sport during the school year, and has a satisfactory grade in required Physical Education.

FOTOFLASHERS

The Bradley Fotoflashers enjoyed this, their second year of activity. They added about twenty-five new members to the organization and spent much time in basic instruction on cameras, parts, uses, and the principles of photography. Every member learned how to develop film, print pictures, and a few received experience in enlarging films. Some meetings were used to study technical information related to improving photographs. Their talk about making Christmas cards resulted in many interesting picture cards for display and family use. They took a field trip to photograph Rock Creek Canyon and brought back some interesting pictures for the new bulletin board. Among the new materials added to the dark-room was a Federal Enlarger purchased through efforts of club members on Concession work. This year their President was Jim Sheahan and their Secretary-Treasurer was Neil Allen. The Sponsors were Mr. Canham and Mr. Andersen.

Miss Agnes Stelter was Director for both plays.

1953 PROM

On May 15, amidst a lovely garden setting scented with lilacs and a-sparkle with be-je-weled orchids, the 1953 Junior-Senior Prom was held. The High School gymnasium was completely transformed and cast a magic spell of loveliness over all those present. Romantic ballads and lilting tunes were provided by Buddy Everett and his orchestra.

During the course of the evening, Jackie Gulczynski and Charles Wolven, seated on a satin throne surrounded by orchids, were crowned Queen and King, respectively, of the Prom.

To the lovely strains of "Goodnight Sweetheart" the guests departed with pleasant memories of their magical evening among "Orchids In The Moonlight."

HOMECOMING

The October night foretold winter with its windy coldness, but the hearts of all Bradleyans were as warm and cheery as a summer day as they entered the gymnasium for the Homecoming Dance. The enchanting music of Chuck Granger and the Downbeats and our victory over Momenca, 14-7, made the evening even more perfect. The colorful floats in the pre-game parade added to the spirit of the occasion.

The "Welcome Alumni" banners welcomed a large number of people from Bradley's hall of fame. It was good to see their faces again and to have them with us.

Jackie Gulczynski was crowned queen by co-captain of the football team, Chuck Wolven. Members of the football team and their partners participated in the grand march which was led by the queen and the co-captain of the team, Don Metschuleit.

The gym ceiling was of red and white streamers while an oak tree, resplendent in its hues of orange and yellow, was spotlighted on a mat of grass in the center of the floor.

At twelve o'clock the final notes of the orchestra brought a successful Homecoming to a close.

The Band Boosters meetings were held on the first Wednesday of every month. The club sponsored a tag day to buy six new uniforms and sets of spats for the band. A Spring event was the box social, parcel post sale, and the bazaar. The annual Valentine party was held on the 10th of February, with the band and their guests as honored guests for the evening. The highlight of the evening was the coronation of King and Queen of Hearts, Charles Wolven and Marilyn Hawkins, who were crowned by last year's royal couple, Tom Nees and Beverly Osenga. The main financial project of the Band Boosters is the upkeep and continued purchase of additional band uniforms.

CHEERLEADERS

Early in the school year the students elected cheerleaders who contributed much to school spirit and helped the crowd back the team on its way to victory. Only students who had attended practice sessions for cheerleaders during the previous season were eligible to try out for Varsity Cheerleaders.

Dear Sherry,

As you can see we have finally finished, (and altogether at that!) all I can really say is don't forget our class days all of up four and remember to write while you're in college. Sherry stay as sweet as you are and don't forget me. Good luck and may God be with you.

Next Central invaded Bradley winning 21-0.

Boilermakers then traveled to Gilman to start their comeback on some terrific passing by our quarterback, Andy Andrews. Bradley won 19-0.

Then back home and the Homecoming game with Momence in which Bradley won 14-7.

Boilermakers Meet St. Anne For 3rd Time

There is a general shakeup among the top ten prep schools in the area case standings for the month of last week's tournament. The listings for the Manly last two games were as follows: He hit 56 per cent of his shots and was the top scorer in the KVC tournament. Those who have the old "ret-up-and-so" height, however, it is strictly upon how much they want to put out. Those who have Larkins strictly upon how much they want to put out. Those who have Larkins strictly upon how much they want to put out.

Bradley's Jack Beaupre and Darel Larkins stole the show for a layup with 10 seconds left. Beaupre was fouled as he shot and made both. Larkins fouled Beaupre and made both. Larkins led the team with 18 points and six rebounds. Beaupre had 10 points and six rebounds. Newman had 10 points and six rebounds. Boggis had 10 points and six rebounds. Brickle had 10 points and six rebounds. Place had 10 points and six rebounds.

Bradley's Boilermakers will meet St. Anne for the third time tonight. The game is scheduled for 8:30 p.m. at the St. Anne gymnasium. Bradley is currently in first place in the conference with a 2-1 record. St. Anne is currently in second place with a 1-2 record. The game is expected to be a close one.

...The Boilermakers' performance against the Cardinals was set by Kankakee in the tournament of 71.4 per cent in 48 tries. Statistics are done for the tourney that show no change in their free throw statistics.

...And in doing so they scorched the nets to such an extent they'll probably have to be replaced for Monday's workout. Boilermakers shot a torrid 90 per cent from the field and 90 per cent from the free throw line. The field they got better after as the game progressed if there would have been a fifth quarter they probably wouldn't have been during it. Jepsen's charges hit on 35.7 per cent of their shots the first quarter, 41.1 per cent the second, 41.1 per cent the third and 76.9 per cent the fourth. And to make matters worse for the Cardinals, the Cardinals were even hotter than the Boilermakers in the fourth quarter picking off six attempts in the fourth quarter.

Dear Mary,
Well, I guess this is it. I can't quite see it
I do not know I'm going to find when we
walk up that aisle with the "E's" & guess we "E's"
- made "we" not going to have next day's dinner
- breakfast. I am sure I'll get the college's milk
- m. Of course the fact is that we can always get
- each other. Don't forget to make me when you
- get there. I don't know who else I'll
- let my hands to.
I know I'll never be able to make it up to you
- again, whether you all the while or later. I
- will appreciate them even if I forget to say
- "Thank you sometimes". Big love with love
- to all whom that the "Big Love" will have
- to get up after from that day. It's something
- a great kind of love.
- Remember me always.
